

THE VERNON RECORD

Semi-Weekly—Tuesdays and Fridays

VOLUME 13.

VERNON, WILBARGER COUNTY, TEXAS, FRIDAY, JUNE 17, 1921

NUMBER 45

COMPLIMENTS CITY ON IMPROVEMENT IN ITS SANITATION

State Inspector For Board of Health Says Dealers Are Taking More Pains To Protect Welfare Of Public—Calls Attention To New Law Regulating Operation of Bakeries.

Vernon as a sanitary community has improved decidedly over its condition six weeks ago, according to a statement made yesterday by S. M. Ramsey, inspector for the Texas State Board of Health. More precautions are being exercised by dealers to protect food from exposure to the filth of the streets, and especial gratification was expressed by the State official over the protection of fruit.

In local restaurants and eating places said Mr. Ramsey, greater care is being taken to cover all pastry as thoroughly as possible. Soda fountains are also endeavoring to safeguard the public interest more fully. Meat markets are keeping their products screened satisfactorily and seeing that their refrigerators are in good order.

Vernon Compares Well.

Mr. Ramsey comes to Vernon at irregular intervals. He declined to make any comparison of Vernon with other Texas towns, but indicated that it is well up to the average.

The inspector called especial attention to an act passed only recently requiring everyone working where food or drinks are served to have a certificate showing that they possess no communicable or infectious diseases. This will be rigidly enforced, Mr. Ramsey stated.

New Bakery Act.

The visiting inspector likewise called attention to a recent act to regulate and make sanitary buildings and rooms used and occupied as a bakery, or for the manufacture of bakery products; providing for pure and wholesome ingredients of bakery products, and the cleanliness of receptacles used in the handling of same; prohibiting the use of impure materials and fixing the weight of a loaf of bread fixing a penalty for the violation of any provision thereof, and declaring an emergency. It is deemed that heretofore there has been no adequate law regulating the sanitary condition of bakeries in Texas.

One important provision in the act is that designating that all show cases, shelves or other places where bakery products are sold, shall be kept well covered, properly ventilated, well protected from dust and flies, and shall be kept in a clean and wholesome condition at all times.

Regulates Weight of Loaf.

Another section regulates the weight of a loaf of bread. It states that bread shall be sold based upon any of the following standards of weight and no others, namely, a loaf weighing one pound or 16 ounces, loaf weighing one and one-half pounds, or 24 ounces, and a loaf weighing two pounds, or 32 ounces. Variations, or tolerance, shall not exceed one ounce per pound over and one ounce per pound under the standard unit weight within a period of 24 hours after baking. Any person, firm, or corporation who shall violate any of the provisions of this act shall be subject to fine of not less than twenty-five dollars, nor more than two hundred dollars.

APRON SOCIAL A SUCCESS.

C. W. B. M. of Central Christian Church Makes \$18 For Foreign Missions Thursday Night.

The C. W. B. M. auxiliary of the Central Christian Church made \$18, which is more than enough to finish out their pledges to foreign missions, at the Apron Social which was held in the basement of the church Thursday night. An admission fee which equalled in pennies the number of inches a person measured around the waist was charged all those attending.

The following program was given: Reading, Bonnie Kressenberg; piano duet, Mattie Mae Renfro and Katherine Wheatley; reading, Charles Miller; violin solo, Miss Katherine Pierce; and talk, Gus Ramage.

Refreshments of lemonade and cookies were served.

Is Building Bungalow.

A five room bungalow is being built on the corner of Bowie and Wanderer streets by F. R. Chivers.

UNCLE SAM ASKS FOR APPLICANTS TO TRAINING CAMPS

Elks Lodge Receives Data Concerning Course Of Instruction That Will Be Offered This Summer To Citizens Between Ages Of 16 and 35—Will Learn Elementary Principles.

Application blanks, posters, and other information concerning Citizens' Military Training Camps have been forwarded to the local Elk lodge by the eighth corps area commander, General Joseph T. Dickman, with the request that the data be given as much publicity locally as possible in order to stimulate attendance at the camps from this locality. A particular request is made that the lodge secure at least five actual applicants for the nearest camp and as many more as possible.

Through the medium of the Citizens' Military Training Camps the Government hopes to train in the elementary principles of good soldiering a large body of young men. In the camps this year in the eighth corps area, the War Department plans to train 1,000 men. Eight hundred of these will be sent to Camp Travis from July 15 to August 14 under the leadership of Brigadier-General Hanson E. Ely, and the remainder to Fort Logan, Colo., August 1 to 30 under Colonel Paul A. Wolf.

Camps Are Free.

Those in attendance will be taught the elements of close order drill, personal hygiene, physical training, athletics, discipline and morale. The citizens' Military Training Camps are free, the Government bearing the expense of transportation, clothing, equipment, subsistence and laundry. Those in attendance will receive no pay.

The privilege of attending these camps will be limited to approved applicants between the ages of 16 and 35 years, and they must possess average intelligence, be of good moral character, and in good physical condition. On account of the limited appropriation of Congress for these camps, approval must be generally limited to candidates living within 200 miles of the camps, but a few residing at greater distance will be authorized to attend the nearest camp.

Will Train 10,000 Men.

In the camps held throughout the United States this year, the War Department plans to train approximately 10,000 men. From this meager start it is intended to increase the size and scope of the camps to one month's course each year for three years, successful completion of which will qualify the candidate for a commission in the officers' reserve corp. It is intended to expand these camps to a capacity of at least 150,000 each year.

Applications for the camps can be made locally through the secretary of the Elks lodge.

ARMENIAN DIPLOMAT HERE TO THANK AMERICA FOR AID

Gabriel Noradouzian, Vice-President of the Armenian Mission to the Peace Conference, who recently arrived in New York from Europe. He is here to thank the American people, through President Harding, for the aid given to his stricken country.

Gabriel Noradouzian, Vice-President of the Armenian Mission to the Peace Conference, who recently arrived in New York from Europe. He is here to thank the American people, through President Harding, for the aid given to his stricken country.

OFF ON 5,000-MILE FLIGHT TO VENEZUELA.

From Continent to Continent by airplane on a business trip was the purpose with which James Ots, president of the San Francisco Aero Club, started recently, with Caracas, Venezuela, as his goal. Mr. Ots is accompanied by Pilot William Morris and Charles West, a mechanic. Five thousand miles lie between the intrepid pioneers and their destination. Mr. Ots, who owns a plantation at Caracas, proposes to demonstrate by his business flight that aviation has reached the stage where it is practical for long journeys.

YOUNG GOTCH WILL MEET AL ACKERMAN

VERNON ATHLETIC CLUB COMPLETES PROGRAM FOR 4TH OF JULY.

Young Gotch of Los Angeles, Calif., has been selected to meet Al Ackerman, middleweight champion of Ohio, at the Fourth of July athletic carnival that will be staged by the Vernon Athletic Club at the fairgrounds. Both wrestlers have enviable records in the padded arena, as well as hosts of backers.

Gotch has wrestled much on the Pacific coast and his name was given him by the Los Angeles Athletic Club. Ackerman has made a name for himself in the East. Each wrestler will receive thirty per cent of the gate receipts.

Boxers Wanted Too Much.

Original plans embraced bringing a pair of boxers here to furnish the main go on the nation's holiday, but the guarantees asked by theistic experts were out of all proportion to what could normally be looked for in receipts. A great many of the glove exponents were also matched for bouts on that day.

A ring will be built immediately in front of the grandstand at the fairgrounds. A five piece orchestra will furnish music during the entertainment.

Ex Soldiers Will Play.

Some good preliminaries have been drawn up and will consist both of boxing and wrestling bouts. The first will be between J. H. Hill of Vernon, Calif., and D. Webb of this city, five rounds. The second will be fought between Sam McLarty and Morgan Ramsey, both of Vernon. The third number will be a battle royal between negroes.

The second half of the preliminaries will consist of wrestling bouts. They will be between local club members.

The first is A. J. Schell, 140 pounds vs.

Curtis Hogsett, 139 pounds, finish match; the second Robert Williams vs.

Ambers Robinson; and the third Fred Ragland vs. Tom Miller.

The local post of the American Legion is making efforts to bring a ball team here for a game on the Fourth of July. This will be staged in conjunction with the program offered by the athletic club. The opposing aggregation will in all likelihood be from Electra, Altus, Okla., or Crowell.

COUNTRY NEAR FORT WORTH EXTREMELY DRY

E. A. N. O'Neal and H. S. Starr returned this morning from Fort Worth where they have been on a cattle buying and selling trip. Between Fort Worth and Decatur the country is extremely dry, according to Mr. O'Neal, and wheat and oats are quite spotted.

Farmers have progressed about as far as have Wilbarger county agriculturists in their harvesting work, and the travelers saw no threshing going on. Cotton in that locality is no further advanced and corn does not look as promising as does the local product.

LISMAN RETURNS FROM CONCERT TOUR

LOCAL BARITONE WINS MUCH PRESTIGE PAST YEAR BY SINGING.

Edwin Lisman, son of Mr. and Mrs. T. P. Lisman, and who has won considerable prestige in the East during the past year by virtue of his excellent baritone voice, arrived home Wednesday from Chicago. Mr. Lisman has just finished a tour which he began in January with the Meister Singers Quartet.

Starting last September and continuing until January the local singer traveled with the American Canadian Festival Quartet. Parts of Canada and the New England states were visited, and Mr. Lisman received much favorable comment on his voice. The Vernon baritone will return to Chicago in about a month where he will make plans for the opening of another concert tour.

Compliments Performer.

Floyd Fraser, trombone player with the Musical Grenadiers, an organization appearing here tomorrow with the chautauqua, was a traveling companion with Mr. Lisman during his tour with the American Canadian company. Mr. Fraser is a singer as well as an instrumentalist and is manager of the Grenadiers.

Mr. Lisman is highly complimentary in his comment on Mr. Fraser and the organization with which he is appearing.

DEHONEY HEADS COMMITTEE.

Local Superintendent Leads Those Who Will Make Arrangements For Tri-County Institute.

E. L. Dehoney, superintendent of Vernon schools, is chairman of a committee having in charge plans for a Tri-County teachers' institute that will be held in Wichita Falls September 1 to 10. Wilbarger, Wichita, Clay and possibly Baylor will be represented at the institute.

Arrangements for the institute were made Saturday at a meeting of delegates at Wichita Falls. The institute plans to have educators of national and international prominence in attendance.

Those on the executive committee from this county are J. N. Fulcher, county superintendent; E. L. Dehoney, city superintendent; and R. S. Covey, superintendent at Harrold. It is probable that at least 100 teachers will attend the institute from Wilbarger. Superintendent Fulcher stated. The meeting will be held before any Wilbarger county schools commence their sessions.

CITY WORKMEN CLEAN MAIN STREET PARKINGS

Parkings on Main St. south from the depot are being cleaned by city workmen and the weeds cut, also. Recent heavy rains have added greatly to the work of the city, and it has been necessary to drain several large mud holes. Work was completed a few days ago on the St. James St. sewer which caved in after rains several months ago.

Parkings on Main St. south from the depot are being cleaned by city workmen and the weeds cut, also. Recent heavy rains have added greatly to the work of the city, and it has been necessary to drain several large mud holes. Work was completed a few days ago on the St. James St. sewer which caved in after rains several months ago.

OIL DEVELOPMENT STIMULATED IN WILBARGER FIELD

Operators Plan Several New Tests and Others Will Deepen Old Holes—Pyramid To Put Well Down Near Present Location—Work On Triangle Will Commence Monday.

There is a distinct possibility that Wilbarger county will witness more brisk development in the Sigler oil field in perhaps the near future if plans of operation materialize. Several new wells are under contemplation, and the deepening of other holes is an assured fact.

A new hole will be drilled by the Pyramid Royalty Co., according to advices from that office this morning. The exact location has not been determined, but in all probability it will be near the present test. The project is already financed.

Sigler Plans Tests.

Further development embraces the plans of the Sigler Oil Co. to put down three new holes offsetting Number 1. Nothing definite has as yet been decided upon and officials are unwilling to discuss their project at length. Lloyd Sigler, who returned to Vernon Wednesday, has the plans under advisement.

Triangle operators expect to start work at deepening their hole Monday. Original plans were to commence operations this weekend, but delayed express shipments have prevented.

Triangle To Start.

The largest part of the new Triangle stock has been subscribed, and there are sufficient funds on hand to go on with the work.

The test will be conducted as far as finances and tools will permit. Operators have lost none of their faith in the possibilities of the field, and express themselves as willing to stake their all on its yield.

Further business at the meeting was the fixing of the 1921 tax levy at \$1.50 on the \$100 valuation. This rate is the same as the one in effect the past year.

This amount will be divided as follows: general fund 25 cents, school fund 50 cents, bond fund 45 cents, street and bridge fund 15 cents, fire department fund 10 cents, library fund 5 cents. Poll taxes will be one dollar each.

VERNON OFFICIALS DISCUSS BUILDING CITY LIGHT PLANT

Commissioners Believe \$100,000 Bond Project Would Carry By Large Majority—Chief Difficulty Would Be Entailed In Marketing Paper—Pass Several Ordinances.

One of the principal items of business discussed Wednesday at the meeting of the city commissioners was the voting of \$100,000 in bonds for the purpose of building a municipal light plant. All phases of the project were dealt with, and it is probable that the matter will be put to a public vote late in the summer.

According to one of the city officials, it was decided that current should be supplied at a lower cost than at present in view of the decrease in costs of fuel and labor over this time last year. The matter of combining the light and water plants was not decided upon.

Believe Bonds Will Carry.

Confidence was expressed by one of the city commissioners that light bonds would carry with eighty per cent of the voters. The chief difficulty confronting the officials, however, is the marketing of the paper. It is not desired to sell the bonds at a considerable discount as would be necessary on the present market.

Many citizens, it is said, are strong advocates of a municipal light plant. Commissioners are making an investigation of rates charged in other Texas towns.

Commissioners Wednesday passed ordinance 381 regulating the parking of trucks, wagons, floats, drays, and other vehicles used in the business of hauling and transporting freight for the public. The ordinance in full is printed in another part of this issue and will become a law after its second publication.

Camp on Groesbeck.

Miss Rose Eilmann, county Red Cross nurse, and eight young ladies who have been of especial help to her in her work of examining school children, went to Gip Rock on Groesbeck, four miles north of Quanah, for a night's camp Wednesday. They left here at 3:30 o'clock in the afternoon and planned to return early the next morning but on account of the heavy rains near Quanah did not get back until 6 o'clock Thursday. Those in the party aside from Miss Eilmann were Misses Edith Lacy, Eula Goodfellow, Laura Randall, Lois Morrison, Helen Hiatt, Charlie Mae Northcraft, Gladys Allison and Lizzie Reese.

Will Bring \$90,000.

A rate of this kind will bring into the city treasury \$90,000 revenue. This amount is deemed sufficient to care for the needs of the community.

Ordinance 383 dealing with special occupation taxes was also passed Wednesday. This provides that the city receives one-half the amount of taxes going to the State from certain kinds of businesses. Cigar, cigarette, and peddler licenses are an example of this form of revenue.

City commissioners further authorized that suit be immediately brought against all those who have failed to pay their 1920 taxes.

LUTCHER STARK IS HONORED.

Rotary Governor for Texas Is Named

International Vice President at Edinburgh.

Lutcher Stark of Orange, Texas, governor of the Eighteenth Rotary District, has been elected vice president of International Rotary at the meeting in Edinburgh, Scotland. Eight vice presidents were named.

Crawford McAllough of Fort William, Ont., was elected international president by acclamation. An effort is being made to bring the next international convention to Los Angeles, Calif.

CHILlicothe Methodists GET EDUCATIONAL QUOTA

A report from Chillicothe Wednesday afternoon indicated that the Methodist Church of that place had secured its quota for the educational campaign fund of \$33,000,000. Chillicothe's quota was \$5,745. Rev. L. N. Lipscomb is pastor and Leslie Robeson financial director. Other charges in the Vernon district which have pledged their quotas are Quanah, Margaret, and Dumont.

Boy To Mr. and Mrs. Gibson.

A thirteen pound boy was born Tuesday to Mr. and Mrs. D. L. Gibson living in southeast Vernon. Mother and child are doing well.

Kemp Hotel Bldg., 8th Street
WICHITA FALLS, TEXASCONFINING HEN IN COOP
REDUCES LOSS OF CHICKS

Chicks hatched during the winter should be brooded in a poultry house or shed while the outside weather conditions are unfavorable; after the weather becomes settled they should be reared in brood coops out of doors. It is best to make brood coops so that they can be closed at night, to keep out cats, rats, and other animals, and enough ventilation should be allowed so that the hen and chicks will have plenty of fresh air.

The hen should be confined in the coop until the chicks are weaned, while the chicks are allowed free range after they are a few days old. Where hens are allowed free range and have to forage for feed for themselves and chicks, they often take the latter through wet grass, where they may become chilled and die. Most of the feed the chicks get by foraging goes to keep up the heat of the body, where as food eaten by those that are with the hen that is confined produces more rapid growth, as the chicks do not have so much exercise.

In most broods there are one or two chicks that are weaker than the others, and if the hen is allowed free range, the weaker ones often get behind and out of hearing of the mother's cluck and call. In most cases this results in the loss and death of these

chicks, due to becoming chilled. If the hen is confined, the weaklings can always find shelter and heat under her, and after a few days may develop into strong, healthy chicks.

The loss in young chicks due to allowing the hen free range is undoubtedly large, say poultry specialists in the United States Department of Agriculture. Chicks frequently have to be caught and put into their coops during sudden storms, as they are apt to hide in some hole or corner where they get chilled or drowned. They must be kept growing constantly if the best results are to be obtained, as they never entirely recover from checks in their growth, even for a short period.

Hens are usually left with their chicks as long as they will brood them, although some hens commence to lay before the chicks are weaned.

Opens Wrecked Car Business.

George A. Long has opened a wrecked car business in the East Side Garage. Mr. Long buys wrecks and sells second hand cars of all kinds. In wrecking old cars Mr. Long expects to have in the future spare second hand parts for almost any make and model car. He has had 11 years experience in the automobile business and for the past several years has been engaged in his present occupation. Along with his other business Mr. Long expects to do expert repairing.

In most broods there are one or two chicks that are weaker than the others, and if the hen is allowed free range, the weaker ones often get behind and out of hearing of the mother's cluck and call. In most cases this results in the loss and death of these

"YOU AIN'T SEEN NO HARD LUCK."

If you are sorry for yourself—if the whole works are wrong and the world is dark and dreary—look at this picture and "cheer up." In the Massachusetts Hospital School they call him "Sunny Jack" Guiney. Study the picture, and you will know why. The other day his team, every member of which is a cripple, played ball at Franklin Park, Boston, and "Sunny Jack" did the honors from the slab. Here is a picture of the cheery-looking fellow photographed during the play, while pitching a hot one over the plate.

TOURNAMENT IS
WELL SUPPORTEDGOLF ENTHUSIASTS AT HILL
CREST HAVE REACHED SEC-
OND ROUND.

Enthusiastic participation on the part of club members has featured the golf tournament in progress at Hill Crest Country Club, and it is expected that most of the second round of play will be completed by today. The contestants are playing over but two holes on account of the marshy condition of the remainder of the course.

There have been but few forfeits thus far, and even those who have played very little are attempting to test their abilities with driver and putter. The ground has been dragged and is in good condition since the recent rains.

Results Tuesday in the first round were as follows:

Birdsong defeated L. G. Hawkins over six holes, 44 to 53; G. C. Morris won from A. B. Swartwood, 49 to 58; E. C. Christian defeated Luther Webb, 48 to 58; Frank Murchison won from L. E. Piger, 56 to 59.

At More's Theater.

Today—Midsummer Madness."

This story centers around two young married couples. One man is overjoyed by his too-indulgent wife, while the wife of the other man is muchly under loved, according to her way of thinking. So the over-loved man and under-loved woman are attracted to each other, he because he longs for new fields of conquest and she because she longs for the romance that has died in her own husband. In a moment of folly these two commit an indiscretion that is almost ruinous to four lives.

Saturday—Pearl White in "The Mountain Woman."

Monday—Fatty Arbuckle in "The Life of the Party."

He called himself a lawyer. The woman called him a dear; but the Milk Trust he fought for a pair of bright eyes. He was being successfully vanquished until his charmer sat upon the buzzard on his desk which summoned the office force—then it was all off.

Court Meets Early In July.

County court will convene the first Monday in July and prospects are that there will be a full docket. There are numbers of criminal and civil cases to be tried, although none of them of great importance.

Rotary Club To Hear Lecturer.

Dr. Ng. Poon Chew, noted Chinese lecturer and journalist, has been invited to speak at the regular weekly luncheon of the local Rotary Club next Tuesday. Dr. Chew will make an address at the chautauqua in the afternoon.

Purchases Buick Car.

L. L. Dixon, living east of Harrold, purchased a five passenger Buick last week.

Vernon, Texas

Me-o-my,

how you'll take to
a pipe—and P. A.!

Before you're a day older
you want to let the idea slip
under your hat that this
is the open season to start
something with a joy'us
jimmy pipe—and some
Prince Albert!

Because, a pipe packed
with Prince Albert satisfies
a man as he was never satis-
fied before—and keeps him
satisfied! And, you can
prove it! Why—P. A.'s
flavor and fragrance and
coolness and its freedom

from bite and parch (cut
out by our exclusive pat-
ented process) are a reve-
lation to the man who never
could get acquainted with a
pipe! P. A. has made a
pipe a thing of joy to four
men where one was smoked
before!

Ever roll up a cigarette
with Prince Albert? Man,
man—but you've got a
party coming your way!
Talk about a cigarette
smoke; we tell you it's a
peach!

PRINCE ALBERT

DEBTS OF VERNON AMOUNT TO 194,460

CITY SECRETARY PREPARES FINANCIAL STATEMENT FOR COMMISSIONERS.

Vernon's total bonded indebtedness is \$194,460, according to figures presented the city commission by S. H. Hall, secretary. Of this amount \$25,600 in bonds have been issued but not yet sold.

The amount of the money on hand for a sinking fund is \$44,010.29. Outstanding warrants against the city are \$15,351.03. Outstanding notes against the fire department are \$11,500.

Figures Were Erroneous.

Figures compiled by the Chamber of Commerce and printed in the last issue of The Record erroneously give the impression that the city tax rate is \$1.50 per \$100 valuation. More explicitly, the school rate is 50 cents, and the city rate one dollar, making a total of \$1.50.

City taxes collected were put at \$7,431.26 and should have been \$63,839.08. The total amount of city and school taxes collected is \$94,468.27. Delinquent taxes collected up to June 1 are \$2,088.75.

Gallons and Not Feet.

Concerning utilities, it should be stated that thirty-three and one-third cents are charged for the first thousand gallons of water and not cubic feet. The charge for electricity is fifteen cents a kilowatt for the first fifty kilowatts, and twelve and one-half cents a kilowatt for the second fifty. All electricity above that amount is charged for at the rate of ten cents per kilowatt.

Ice delivered to the residence district is eighty cents per hundred pounds, to restaurants, groceries, and soda fountains it is seventy cents, and for meat markets sixty-five cents.

HAWAIIANS OPEN PROGRAM.

Islanders' Number Said To Be Well Above Average—Plattenburg To Speak This Evening.

Vierra's Hawaiians were on hand this morning in readiness to present the opening number of the chautauqua program which began at 2:45 this afternoon. This islanders' production has been heralded as far above the average of such performances. They will also play this evening at the entertainment which commences at 7:45.

Charles H. Plattenburg will speak this evening on a subject vitally affecting the entire community. The lecturer's talk is said to be replete with spice and vigor, and contains many common sense facts for the average citizen to ponder over.

Guarantors of the chautauqua have been making strenuous efforts to sell a sufficient number of season tickets to meet the funds posted. The proposition has been put up to the citizens as a public spirited enterprise.

Candle and Grade Eggs.

Farm women frequently have entire charge of the marketing of eggs, butter, and poultry. In some States they form what are called "egg circles" for marketing their eggs in large quantities. The eggs are collected regularly by one of the members or by some one hired by the circle. Efforts are being made by marketing agents of the United States Department of Agriculture to teach these farm women the value of properly candling and grading the eggs so that only the best are marketed.

COUNTY LOWERS TAX RATE TEN CENTS

REDUCTION IS MADE BECAUSE OF ECONOMIES IN ADMINIS- TRATION.

County tax payers will pay a rate ten cents lower than that formerly in effect through the action of the commissioners' court this week in lowering the scale from sixty-five cents on the \$100 valuation to fifty-five cents. Valuations will remain the same.

The reduction was made possible by several economies effected by the county officials. Payment of the new jail bonds has left one and one-half cents extra, there is considerable money in the jury fund, and it was found that sixteen and one-half cents instead of twenty-four and one-half cents would be a sufficiency for the general fund.

Valuations Not Changed.

Valuations were not changed, according to the county judge, due to the fact that they were never raised during the oil boom, as is the opinion of many. Assessments were made the January before excitement occurred.

If conditions remain the same, said Judge McHugh this morning, the coun-

ty will be free from indebtedness in ten years.

Mrs. W. R. Hinckley of Fort Worth who has been visiting her sister, Mrs. E. C. Christian, since last Friday, will return home tomorrow.

Mrs. Annie Allen of Aubrey, left Wednesday afternoon for her home after spending a few days with her friend, Mrs. Fred Newth.

Foreign Advertising Representative
THE AMERICAN PRESS ASSOCIATION

Vernon, Texas, Friday, June 17, 1921.

WHY HE IS OPTIMISTIC.

L. K. Johnson is an optimist. He is optimistic over the situation Wilbarger county faces at this time, and when you listen to his reasons, it is hard to keep the corners of your mouth from tilting in such a way that you just smile whether or no.

Mr. Johnson explains it like this: The people are working. In a large measure, the foolish spending of money has been cut out.

Earners are either saving their funds or using them to pay debts, in either case providing the funds necessary for "good times." Let it be understood that times are not nearly so "bad" as they might be now. The volume of business being transacted with Vernon merchants is gratifying, and compares favorably with any other year than 1920.

Furthermore, Mr. Johnson points out that Wilbarger county will harvest a larger wheat crop than many have believed, the farmers receiving therefor a price well above what had been anticipated. He points out that our barns are full of feed, and that another feed crop is practically assured.

Take the case of cotton—exports are increasing, not any feverish increase, it is true, but an appreciable increase. Counties in Central and South Texas report ravages of the boll weevil, and reports from the Old South indicate that very little fertilizer has been used. Add all of this to an acreage reduction of 30 per cent, and it begins to look like at least a fair price for our cotton.

There is a lot of hard work ahead. You have to pull up, grade, and that is the way we are going. But we reached the bottom some time ago, Mr. Johnson thinks, and are now going up grade again, with practically everybody pulling, even though a few are not smiling.

USE YOUR COUNTY AGENT.

Farm and Ranch is authority for the statement that the average county agent is the most useful man in the county, or would be if given the opportunity. While he seldom "knows it all," he is in position to get any farmer desired information from a reliable source in the quickest time possible. He is ready to serve anywhere at any time.

Continuing, Farm and Ranch says:

"The county agent receives his compensation from the Government. The Federal and State Governments contribute and every property owner pays his part. Therefore he is a public servant, but unlike many who draw their pay from the public treasury, he is always willing to earn what he gets and a great deal more. Being a public servant, there is no reason why he should not be of service to every farmer in his jurisdiction, and if he is not, more than likely it is the farmers' fault and not the agent's."

The work of the county agent in the Southwest has justified his hire. Not only has he imparted much valuable information and instruction in better farming methods, but he has brought about cooperation among producers in the marketing of their products, and developed community interests, the value of which is beyond estimation.

The farm agent may not always be right, but the average man in the field is sincere and also competent. His efforts should receive a greater tribute of appreciation from those whom he stands ready to help and a greater reward from the paymaster."

ONE LESSON OF THE FLOOD.

While the loss of life in the disaster that overtook Pueblo is not so appalling as at first indicated, the property loss total grows. The number of destitute and suffering reaches a total of thousands.

Governor Shoup of Colorado, in a statement to the National Government, urges an emergency appropriation of \$20,000,000 to reconstruct twenty-five large steel and concrete bridges in the valley of the Arkansas and its tributaries. The loss and suffering were by no means confined to Pueblo.

As has been the case in every disaster during more than a decade, the Red Cross was first on the scene to give aid and comfort. This will bring home to the American people the unquestioned necessity for maintenance of the Red Cross as an unfailing resource in the time of calamity.

THE FREE PUBLICITY GRAFT.

Likely the resolution adopted by the State Press Association against the publication of free matter furnished by political organizations, the various drive and relief committees, fairs, and educational institutions was not so much that the matter is free, as that it is, for the most part, unsuited for publication.

The Record has received bundles of free publicity "released for publication" at a date so that the daily newspapers print it from two to three days earlier than can The Record. Again, what is suitable for a metropolitan daily is not such as a country weekly or semi-weekly desires to print.

Some of the matter sent out from fairs, and much of that from our educational institutions would be acceptable if it were written from the standpoint of the progressive country newspaper. Unfortunately, the publicity handlers of these institutions assume, for the most part, that they are doing the paper a genuine service by furnishing this material in any form—writing it for their own satisfaction rather than from the newspaper's stand.

The province of a country newspaper is to print, first of all, the news of the home town and the county. This is something no other newspaper can paper can print. Accepting free publicity is an easy way to edit a paper. It is also a guarantee that such paper will sooner or later fill a small place in its community.

ASKS REASON FOR U. S.
RAILROAD LABOR BOARD

A communication requesting an explanation concerning the reason for the establishment of a United States Railroad Labor Board has been forwarded Lucian W. Parrish, representative in Congress, by the local Chamber of Commerce. The letter brings out the point that the fundamental principle upon which the labor board is founded is one broad enough to found a telegraph labor board, a telephone labor board, a carpenter, newspaper, farm, janitor, and hotel labor board.

Fear lest socialistic tendencies govern the activities of the Government is also expressed in the communication. Business management for the affairs of the public is strongly urged.

NEGRO WINS SUIT
AGAINST WHITE MAN

What is considered by the justice of the peace to be the first jury trial of a case preferred against a white man by a negro in this county, was won Saturday at the court house when Henry Fennell recovered judgment against Mance Phillips of Fargo. The case arose out of cotton picking work Fennell performed for Phillips last fall, and over wages claimed to be still due the plaintiff.

Fennell sued for \$26.32 and was awarded \$20. Costs in the trial were paid by the defendant.

WORLD'S RICHEST HEIRESS TO WED.

Miss Dellora Angell, of Lake Forest, Ill., who inherited \$37,000,000 from her aunt, Mrs. John W. Gates, is to wed C. Wilson Campbell, Los Angeles oil promoter, according to reports from Chicago announcing the engagement. Miss Angell met Campbell while at school in California last Winter. He is a graduate of Ohio State University and owns oil lands around Tulsa, Okla. The bride-to-be is eighteen years old and will receive a quarter of her inheritance when she is thirty, another quarter five years later and the remainder when she is forty. The young woman also inherited and received \$100,000 from the estate of Charles W. Gates, her cousin and son of John W. Gates.

FARMERS START THRESHING.

Wheat Growers of Section Are Taking
No Chances Of Losing Any Of
Crop By Waiting.

Threshing is now under way in Wilbarger county and farmers in the eastern section, especially, are busy along this line. Wet weather has served to hinder work more in the west and northern parts of the county, and agriculturists there are a few days behind as a result.

Farmers are extremely busy and are endeavoring their utmost to take all possible means of safeguarding their crop. Some are threshing before harvest is completed.

Since the advent of more fair weather it has been found that wheat was not damaged as badly as had at first been feared. Only a negligible portion of the grain has sprouted.

Reports from the northwestern part of the county indicate that hail fell there Wednesday night at the time a shower was experienced in Vernon. The stones were small but the dead ripe condition of the grain made it especially easy prey for the precipitation. The damage, however, was much smaller than that occasioned by hail last week.

Dance At Hill Crest.

Members of the country club enjoyed an informal dance last evening in their new clubhouse. Music was furnished by a local orchestra. Added pleasure was given to the affair by several vocal solos by Edwin Lismann who returned Wednesday from singing engagements in the East.

Ask Loan of Cots And Tents.

Home demonstration agents are especially desirous that those having cots and tents to loan for the girls' encampment the end of the month communicate with them in their office in the library building. A considerable number of these essentials will be in demand.

Three Make Auto Purchases.

A Maxwell five passenger car was sold this week to R. C. Stewart. A. L. Graham purchased a Maxwell roadster. A five passenger Hupmobile was sold to W. E. White. All the sales were made by the Works Auto Supply Company.

Notice To Taxpayers.

The Commissioners Court of Wilbarger County, Texas will convene at the Court House in Vernon, Texas, on Monday and Tuesday, June 27 and 28, 1921, as a Board of Equalization to equalize the taxes for the year 1921, and this is to notify you to appear before said Court on said dates to show cause, if any you have, why the valuation of your property should not be raised.

SUPREME COURT DENIES RE-HEARING IN SWIM-BELL SUIT

A motion for a rehearing in the Swim-Bell case which has been fought in the courts of the State for eight years was recently overruled by the Texas Supreme Court. H. A. Bell, defendant in the case pays S. E. Swim, the plaintiff, over \$4,000 in judgment.

Suit was originally entered for \$1,500 but the interest and costs have made the amount much greater. Both principals are Wilbarger county residents.

Never trouble, trouble till trouble troubles you. Then go to Lutz & Schmoker's and get a set of Trublpruf tires for your car, then your tire troubles will be over. 77-tfc

O-U Money. We have plenty to loan on improved farms. Davis & Summerour. 87-tfc

THERE'S MUSIC 'NEVERTHING FOR YOU TO SKATE BY

Spread the eagle, Dutch roll, make a figure eight,—can you do them all? Can you skate partners, backwards, or whirl around like the proverbial dervish? If you can, then come along and demonstrate on Vernon's new roller rink. Show the crowd how good you really are, how actively you can round the corners, and perhaps perform a gyration foreign to the average roller skater exponent.

Skinnay, Buck, and Bill—they're all over there and waiting to be shown. Buck tore out the seat of his new breeches yesterday during an overzealous attempt to concoct a new figure, and Bill skinned the very dickens out of his knee, but both will be on hand today to do it all over again.

And wait until you hear the music! One could let his feet glide along forever to such strains. Stroke, stroke,—why, it is just as natural as walking down the street. You haven't skated for a long time? Well, neither has anyone else but that's all in the game. If you ease yourself down into a chair for the next few days, or walk about town with a decided limp it will simply be telling the world that you,—well, that you have been obeying that impulse.

SCISSORS IN THE KITCHEN USEFUL FOR MANY THINGS

Medium-sized scissors hanging in a convenient place in the kitchen are a valuable help. Here are some of the purposes for which they will be found useful, according to workers in the Experimental Kitchen in the United States Department of Agriculture:

For cutting cold meat into cubes.

For cutting celery or green peppers into small pieces for pickles or salads.

For shredding cabbage or lettuce.

For cutting up raisins or dates.

For cutting out the center membrane of a grapefruit in preparing it for the table.

For cutting out the woody core and eyes of fresh pineapple.

For trimming the rinds from breakfast bacon.

After the scissors are used each time they should be carefully washed and dried.

Mrs. J. T. Williams is in Wichita Falls, where she will visit her daughter, Mrs. Cleo L. Greene.

IN SOCIETY

MRS. MORE ENTERTAINS THURSDAY BRIDGE CLUB

Mrs. R. L. More was hostess to the Thursday Bridge Club yesterday afternoon and at the same time entertained a number of friends outside the club. She was assisted by Mrs. Katherine Waggoner, who served punch to the guests as they arrived, and by Mrs. J. E. Dodson, Jr., Mrs. T. P. Lisman, Jr., Mrs. Emory Rhoads and Mrs. S. W. Bailey. A dainty plate luncheon was served at the close of the games; and pieces of silk lingerie were given as high score favors.

The club members present were Mesdames Dan Bond, T. P. Lisman, Jr., Hubbard Colley, Bob Ferrell, Delia Houssels, W. K. Long, Myatt Napier, L. E. Piper, Emory Rhoads, A. B. Swartwood, J. V. Townsend, Luther Webb, Katherine Waggoner, J. E. Dodson, Jr., and Miss Esther Swartwood. Others invited were Mesdames Harry Mason, F. L. Massie, C. S. McColloch, L. K. Johnson, Joe Napier, Shirley Cook, S. W. Bailey, J. L. Swartwood, E. P. Hicks, A. C. Boger, A. N. Vernon, Herbert Farrell, L. E. Fisher, F. M. Kemp, Dan Bonner, Frank Murchison and Bess Olson, and Misses Lillian Murchison, Bessie Mae Works, Adelle Sumner, and J. L. Murray.

Has Birthday Party.

Claud Oliver, Jr., celebrated his twenty-first birthday with a party for about twenty of his friends Wednesday afternoon. Mrs. Oliver chaperoned the children to Allingham Park where they enjoyed playing games. They were served with ice cream cones.

MRS. HOWARD REGER ENTERTAINS TWICE

Mrs. Howard Reger entertained the Wednesday "42" Club Wednesday afternoon and on the following day had a "42" party for others of her friends. The hostess used sweet peas and nasturtiums together with ferns, in decorating for the two occasions and her guests were served with ice cream and cake. Those present Wednesday afternoon were Mesdames A. C. Boger, Mart Boger, Dan Bond, J. S. Cook, C. J. Farrell, H. B. Farrell, S. W. Bailey, G. W. Backus, E. P. Hicks, N. R. Heath, T. P. Lisman, T. P. Lisman, Jr., Emory Rhoads, C. Long, F. L. Massie, Harry Mason, A. H. Murchison, W. N. Stokes, J. L. Swartwood, J. D.

Summerour, C. T. Sullivan, L. G. Hawkins, W. A. Ish, J. V. Townsend, R. L. More, B. J. Parker, W. O. Anderson, J. W. Wheatley, T. J. Youngblood, J. A. Robinson, T. H. McMahon, Delta Houssels, Harry Colley, Hubbard Colley, T. M. Ferguson, M. K. Byrd, R. E. Townsend, J. E. Lantz, E. L. Keitz, L. K. Johnson, W. M. Schindler, R. H. Coffey, R. L. Coffee, H. H. Rhoads, R. B. Sherrill, J. R. Stinson, Miss J. L. Murray, Miss Esther Swartwood and Miss Harriett Thomas.

The guests Thursday afternoon were: Mesdames W. W. Bennett, E. M. Hickey, E. C. Christian, W. R. Hinckley, J. A. Dixon, F. B. Elliott, Izora Johnson, A. B. Garland, R. D. Flaniken, Eita Long, John Reese, E. A. McGaw, Dee Norwood, Joe Parker, E. L. Pendleton, Roy Russell, J. B. Ross, George Hardin, Alva Robinson, M. R. Sewell, Dale Shive, Solon Sewell, Emmett Piper, J. G. Sherman, August Teunison, H. L. Terhune, Linton Sullivan, Tom Summerour, J. H. Pettit, A. R. Taylor, Willie B. Waller, A. M. Hatt, D. H. Henry, R. H. Nichols, J. W. Adderholt, Y. H. Babashin, W. A. Wilhelm, H. B. Wilhelm, H. A. Conner; Misses Harriett Thomas, Veneta Denny, Erma Rhoads, Susie Scott and Inez Robinson.

Celebrates Seventh Birthday.

Little Miss Maxine Crow celebrated

her seventh birthday with a party for a number of her friends Thursday afternoon at the home of her grandparents, Mr. and Mrs. R. S. Crow, on Olive Street. Those present were Frances Rutledge, Leta May Perkins, Billie Rutherford, Cleo Smith, Little McConaughy, Margaret Stinson, Olga May Wright, Josephine Flanigan, Mary Jeanette Bennett, Wiley Bennett, Jr., Amette Samuels and J. C. Armstrong.

GENERAL AGENT COMPLIMENTS LOCAL REPRESENTATIVES

E. D. Bennett of Fort Worth, general agent for the Pacific Mutual Life Insurance Company, spent Thursday in Vernon with Dewey Wilson, district agent and Homer E. Wilson, special agent, for the company. While here Mr. Bennett said that Mr. Wilson is leading his agency in personal production for the year, as he did at this time last year, and has already written more than enough to qualify for the 1922 convention trip. Homer E. Wilson has a good volume of business to his credit and expects to qualify for the 1922 convention in time.

Both the Messrs. Wilson will leave about the last of this month for the agents annual convention which will be held this year at the huge office in Los Angeles, California.

125 Pairs Women's Pumps to Be Sold at 5c a Pair

Tuesday Morning, 9 to 11 o'clock, June 21

We have in stock 250 pairs of women's pumps carried over from last season, and in order to sell them all in two hours, we have adopted the following plan: These shoes sold last year from \$7.50 to \$15 and we have assorted them into two lots at **\$2.95 and \$4.95**. On next Tuesday morning at 9 o'clock, every woman who buys a pair, will be sold a second pair for **5c**. For instance, you buy a pair from the \$2.95 counter for \$2.95, then take your choice of any other pair on the \$2.95 counter for 5c, making the two pairs cost you \$3. Or you buy a pair from the \$4.95 counter for \$4.95 and take your choice of any other pair on the \$4.95 counter for **5c**, making the two pairs cost you \$5. Sizes are 3 to 8, widths AA to D.

No telephone or mail orders filled, no approvals, no exchanges, no charges.

See the Pumps in our window Saturday, Sunday and Monday.

Every pair will walk out of our store Tuesday morning at 9 o'clock.

PUEBLO FLOOD ONE OF WORLD'S GREAT DISASTERS.

ARRANGE SCHEDULE FOR STATE EXAMS.

TEACHERS CAN TAKE TESTS EVERY MONTH FOR REMAINDER OF YEAR.

A complete schedule for the remainder of the year in reference to examinations for State teachers' certificates has been received by County Superintendent J. N. Fulcher. These tests are conducted every month, and those who successfully pass are entitled to a certificate permitting them to teach all grades.

The first examination will be July 1 and 2. Thereafter they will be August 19 and 20, September 2 and 3, October 7 and 8, November 4 and 5, and December 2 and 3. The examinations will be held in Vernon at a place to be designated by Mr. Fulcher. Those who intend taking them are asked to make application to him.

Following Is Schedule.

Following is the schedule that will be observed in the examinations, all of which, with the exception of those in August, will be conducted on Friday days and Saturdays.

Friday forenoon—Arithmetic, physiology, music, elementary composition, higher English composition, physics, geography, botany, English literature, solid geometry, methods of teaching applied to elementary branches, and geology.

Friday afternoon—Texas history, elementary grammar, descriptive geography, plane geometry, American literature, bookkeeping, English history, biology, advanced grammar, child's study.

Saturday forenoon—Spelling, writing, methods and management, reading, civics, modern history, psychology, chemistry, history of education, zoology.

Saturday afternoon—United States history, agriculture, drawing, American history, algebra, physics, plane trigonometry, school administration, and economics.

CONSERVATION OF MANURE INCREASES CROP YIELDS

Farmers in some parts of Eastern Pennsylvania, notably in Chester County, have been saving barnyard manure in walled enclosures adjacent to the stables, often paved with flagstones, for more than a century. The value of this efficiency has been shown in an investigation embracing the standards of management on 10 farms selected by specialists of the United States Department of Agriculture in the region mentioned, and the results are embodied in Farmers' Bulletin 978, which may be had free upon application to the Division of Publications.

The bulletin shows that the average yield of corn for the State is 42.50 bushels per acre, while on the 10 selected farms it is 85.50 bushels; the average wheat yield for the State is 18 bushels and for the 10 farms 29.75; hay average for the State is 1.43 tons an acre and for the 10 farms 2.65 tons; while the three farms that grew oats produced an average of 45 bushels an acre as compared with the State average of 33.10 bushels.

A survey of 378 farms in Chester County on which exceptionally high standards of management are maintained, including close attention to handling of barnyard manure, showed an average corn yield of 65.3 bushels; wheat 24.8, and oats 41.6. The comparatively high yields in Chester County, the specialists say, can not be credited entirely to the way in which manure is handled, because the soil in that county is much better than the State's average soil, but special attention to manure and its conservation has been an outstanding feature of that county's farming.

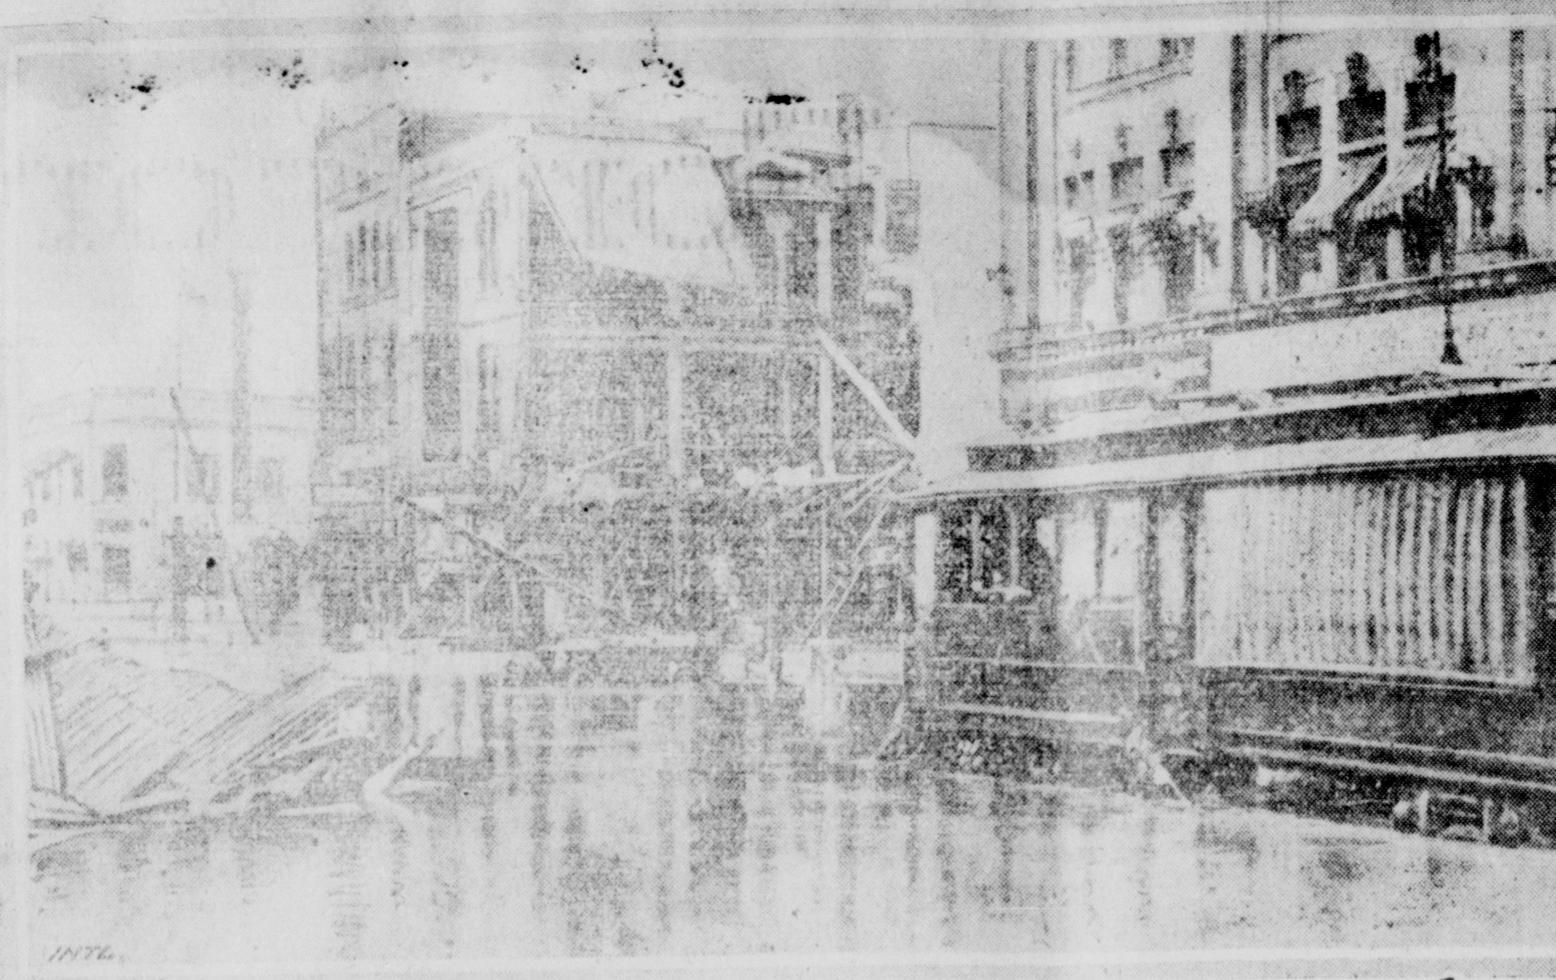

ARSENATE OF LEAD SPRAY WILL KILL GRAPE PESTS

To destroy the grape rootworm, cultivate the vineyard during early June, the United States Department of Agriculture advises. Spray the vines as soon as adult beetles appear with arsenate of lead, 1 1/2 pounds powder or 3 pounds paste to 50 gallons of water or 50 gallons of Bordeaux mixture if fungous diseases are present.

To destroy the grape leafhopper, spray in late June or early July, when the nymphs of young insects are most abundant. Use 40 per cent nicotine sulphate, one fourth pint to 50 gallons soap water (2 pounds soap), or with 50 gallons Bordeaux mixture to control fungous diseases. Hit the lower sides of the leaves forcibly.

Haney To National Convention. Everett Haney is in Dallas where he is attending the second annual national convention of the Junior Chambers of Commerce. Mr. Haney represents the local junior directors.

Mr. and Mrs. C. M. Blair left Wednesday for Fort Worth where Mr. Blair is attending the State tax collectors' convention. Their three children are visiting in Medicine Mound.

This, one of the first photographs of the disastrous flood in Pueblo, Colorado, shows a view of Main and Fourth streets, after the flood. One of the walls of the building in the rear collapsed. Note the stranded automobile with water up to its hub. The loss of life, it is now said, will exceed three hundred, and the property damage is estimated as \$30,000,000. Water stood 17 feet deep in the D. & R. G. railroad station.

and had been critically ill for some

time.

Ask For Road Information.

Many inquiries are being received daily by the local Chamber of Commerce from tourists all over the State who desire information concerning the condition of the Colorado-to-Gulf Highway. Vernon has evidently been impressed upon the minds of these tourists as one of the important stopping points and news centers and information concerning the roads as far as Amarillo is sought.

Prices for Tuberculin Testing of Cattle. This applies to each and every one who sells milk, butter or cream.

The test must be applied on or before the 20th day of July, 1921.

The prices for testing will be as follows: 1 cow at any one place \$2.00. 2 cows at any one place \$3.00.

1 cow at any one place \$5.00.

The above rate will also apply to cows outside the city limits, with additional mileage fees.

In order to have your cows tested you will have to apply immediately.

Health certificates will be issued for each animal and for the entire state.

For tuberculin testing see Dr. W. Worrell & Son, Graduate and Licensed Veterinarian, Ferguson Drug Company, Dr. E. B. Jones, Res. phone 116 Res. phone 498 45-2tp

Notice

The Ordinances of the City provide that the owners of dairy cows supplying this City with milk or milk products, must have their animals certified so as to be duly examined and tested for tuberculosis, and where the animal is found to be affected it is unlawful to sell milk from such animal.

In protection of the health of the community it is the duty of the city officers to enforce these regulations, and a failure to comply therewith subjects the owner to prosecution.

Signed,

HARRY MASON,
Mayor.
J. SHIRLEY COOK,
City Attorney.

No. 381

An Ordinance Revising the Parking of Trucks, Wagons, Floats, Drays and Other Vehicles Used in the Business of Hauling and Transporting Freight for the Public for Hire as Common Carriers and Providing Adequate Penalties for the Violation Thereof.

Be it Ordained by the City (Commission) of Vernon, Texas:

Sec. 1. It shall be unlawful for any person driving, using or operating any truck, wagon, float, dray or other vehicle within the City of Vernon engaged in the business of hauling or transporting freight for the public for hire to park same at any point on Main street between the North line of Marcella Street and the South line of Main street, or at any point on Main street between the East line of Fannin street and the West line of Cumberland street, or at any point on Pease street between the East line of Fannin street and the West line of Cumberland street, or at any point on Texas street between the East line of Fannin street and the West line of Cumberland street; provided this ordinance shall not be construed so as to prohibit any vehicle from being stopped or parked for a reasonable time while actually loading or unloading freight.

Sec. 2. Any person who shall violate any provision of the foregoing section shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not more than two hundred dollars.

Sec. 3. That this ordinance shall take effect from and after its approval and publication.

Witness my hand and seal of said City,

On the 15th day of June A. D. 1921.

Attest: S. H. HALL, HARRY MASON,

45-2tp. City Secretary Mayor

FELT LIKE AN IRON BAND AROUND HEAD

Mrs. Osborne Says She Shudders When She Thinks How She Suffered.

"For years," said Mrs. V. B. Osborne, of 118 Lancaster Ave., Lexington, Ky., "I have been in a run-down condition; nervous, weak and dizzy. I was actually so nervous that any sudden noise or excitement would produce a palpitation of my heart that frightened me. I absolutely could not climb stairs for to attempt such would thoroughly exhaust me.

"I had nervous headaches and when they came on it seemed that an iron band was drawn tight around my head. I now shudder when I think of those headaches. My stomach was weak and I could not digest the lightest liquid food. Any food of a solid nature caused nausea and the sickening sensation remained for hours.

My misery was almost unbearable. My sleep was never sound and I was worn out all the time. My condition was indeed a very deplorable one. I finally sought treatment in Cincinnati but nothing helped me one particle. I was on the verge of giving up in despair when a neighbor pleaded with me to try Tanlac. I obtained a bottle of the medicine and began its use.

"I began improving at once and soon felt my nervousness and dizziness disappearing. Then my headaches left me and I realized my strength had returned. My appetite and digestion improved and I am now so much better in every way. This Tanlac is a wonderful medicine and the only one that ever really helped me. I hope every poor woman who is suffering as I did will try it."

Tanlac is sold in Vernon by Ferguson Drug Company, in Harrold by Wilson Drug Company, in Odell by R. J. Belcher and druggists everywhere. It

Fordson

TRADE MARK

\$625 f. o. b. Detroit

The merits of the Fordson Tractor can be best judged through the opinions of its daily users. We have asked a few of our customers for their frank comments concerning the operation of their Fordsons. Read what these owners have to say and then judge whether or not they are pleased with their purchases—or better still, ask them yourself.

W. W. LOVE

I have run my Fordson three years. Last year I plowed 300 acres and cut 400 acres of wheat with it. I am running a 20 inch thresher with it this year. It saves time on the farm.

T. E. BURCHFIELD

I am well pleased with my Fordson. The Fordson will do almost any kind of work six mules can do. Any one can operate the tractor; it has plenty of power.

G. F. EMRICK

I have used a Fordson three years for plowing, discing, drilling and cutting wheat. It will do more work than 6 horses and at less expense. I could not get along without my Fordson.

A. P. HAWLEY

I have run my Fordson one year and have not spent a cent for repairs or parts. It runs on kerosene which is cheap. The flies do not bother it and costs nothing for feed when not plowing.

ORGANIZE SUNDAY SCHOOL LEAGUE

PLAYERS DRAW UP SET OF RULES AND ARRANGE SCHEDULE OF WORK.

A complete set of rules governing the Vernon Sunday school league has been drawn up and the schedule for the remainder of the season completed. There are no offices in the organization.

It is first stipulated that any member of any of the classes in the league, in order to play baseball on any of the dates set in the schedule, must have attended Sunday School on the Sunday previous. Sickness or death in the family will be accepted as excuses.

Must Obey Umpire.

It is further agreed that all teams will abide by the decision of the umpire, and that it be imperative that the umpire bench any player who does not willingly consent to his decision, or who uses foul language. T. L. Rouse and T. P. Lismann will be asked to serve as umpires.

It is stipulated also that all games shall be played on the dates of the schedule as outlined and it is understood that the admission shall be ten cents. The proceeds will be divided in half.

Arrange Schedule.

The remainder of the schedule that will be observed in the Sunday School league is as follows:

June 20, Methodist vs. Christians; June 23, Methodists vs. Baptists; June 27, Baptists vs. Christians; June 30, Methodists vs. Christians; July 4, Methodists vs. Baptists; July 7, Baptists vs. Christians; July 11, Methodists vs. Christians; July 14, Methodists vs. Baptists; July 18, Baptists vs. Christians; July 21, Methodists vs. Christians; July 25, Methodists vs. Baptists; July 28, Baptists vs. Christians; August 1, Methodists vs. Christians; August 4, Methodists vs. Baptists; August 8, Baptists vs. Christians; August 11, Methodists vs. Christians; August 15, Methodists vs. Baptists; August 18, Baptists vs. Christians; August 22, Methodists vs. Christians; August 25, Methodists vs. Baptists; August 29, Baptists vs. Christians; September 1, Methodists vs. Christians.

Take It In Time.

Just as Scores of Vernon People Have Waiting doesn't pay.

If you neglect kidney backache, Urinary troubles often follow.

Doan's Kidney Pills are for kidney backache, and for other kidney ills. Ask your neighbor?

Vernon citizens endorse them.

Mrs. E. L. Ballew, 215 S. Violet St., Vernon, says: "I am always glad to recommend Doan's Kidney Pills. This medicine has been used in my family for some time. Just a short time ago my kidneys were causing me much trouble. They were weak and irregular in action. My back also ached. I began the use of Doan's Kidney Pills and before long they had cured me of the trouble. Another of my family has also received wonderful results from this medicine."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ballew had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv. 1t

Many Towns Getting Camp Sites.

Reports from Northwest Texas indicate that many towns are getting community camp sites in the National forest reserve of New Mexico. Recently a party of Plainview men, representing the board of city development, went to the reserve and picked out a camp site where any citizen of Plainview may go and build his cottage. Snow-capped mountains are close by, and the place is said to be one of wonderful beauty. Amarillo is planning the selection of a camp site now. It has been suggested that Vernon might well do likewise.

Graduates From State University.

NUMBER 45

COMPLIMENTS CITY ON IMPROVEMENT IN ITS SANITATION

State Inspector For Board of Health Says Dealers Are Taking More Pains To Protect Welfare Of Public—Calls Attention To New Law Regulating Operation of Bakeries.

Vernon as a sanitary community has improved decidedly over its condition six weeks ago, according to a statement made yesterday by S. M. Ramsey, inspector for the Texas State Board of Health. More precautions are being exercised by dealers to protect food from exposure to the filth of the streets, and especial gratification was expressed by the State official over the protection of fruit.

In local restaurants and eating places, said Mr. Ramsey, greater care is being taken to cover all pastry as thoroughly as possible. Soda fountains are also endeavoring to safeguard the public interest more fully. Meat markets are keeping their products screened satisfactorily and seeing that their refrigerators are in good order.

Vernon Compares Well.

Mr. Ramsey comes to Vernon at irregular intervals. He declined to make any comparison of Vernon with other Texas towns, but indicated that it is well up to the average.

The inspector called especial attention to an act passed only recently requiring everyone working where food or drinks are served to have a certificate showing that they possess no communicable or infectious diseases. This will be rigidly enforced, Mr. Ramsey stated.

New Bakery Act.

The visiting inspector likewise called attention to a recent act to regulate and make sanitary buildings and rooms used and occupied as a bakery, or for the manufacture of bakery products; providing for pure and wholesome ingredients of bakery products, and the cleanliness of receptacles used in the handling of same; prohibiting the use of impure materials and fixing the weight of a loaf of bread fixing a penalty for the violation of any provision thereof, and declaring an emergency. It is deemed that heretofore there has been no adequate law regulating the sanitary condition of bakeries in Texas.

UNCLE SAM ASKS FOR APPLICANTS TO TRAINING CAMPS

Elks Lodge Receives Data Concerning Course Of Instruction That Will Be Offered This Summer To Citizens Between Ages Of 16 and 35—Will Learn Elementary Principles.

Application blanks, posters, and other information concerning Citizens' Military Training Camps have been forwarded to the local Elk lodge by the eighth corps area commander, General Joseph T. Dickman, with the request that the data be given as much publicity locally as possible in order to stimulate attendance at the camps from this locality. A particular request is made that the lodge secure at least five actual applicants for the nearest camp and as many more as possible.

Through the medium of the Citizens' Military Training Camps the Government hopes to train in the elementary principles of good soldiering a large body of young men. In the camps this year in the eighth corps area, the War Department plans to train 1,000 men.

Eight hundred of these will be sent to Camp Travis from July 15 to August 14 under the leadership of Brigadier-General Hanson E. Ely, and the remainder to Fort Logan, Colo. August 1 to 30 under Colonel Paul A. Wolf.

Camps Are Free.

Those in attendance will be taught the elements of close order drill, personal hygiene, physical training, athletics, discipline and morale. The citizens' Military Training Camps are free, the Government bearing the expense of transportation, clothing, equipment, subsistence and laundry. Those in attendance will receive no pay.

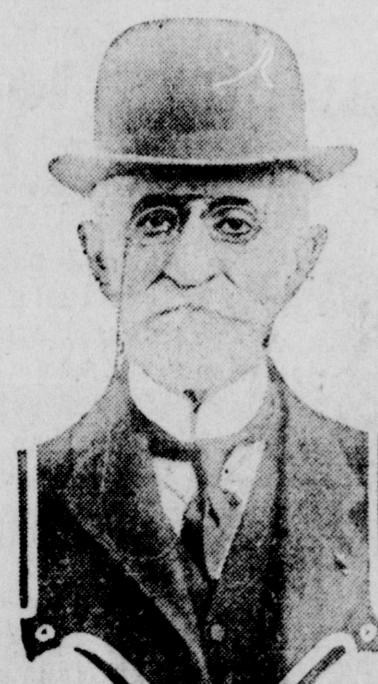

The privilege of attending these camps will be limited to approved applicants between the ages of 16 and 35 years, and they must possess average intelligence, be of good moral character and in good physical condition. On account of the limited appropriation of Congress for these camps, approval must be generally limited to candidates living within 200 miles of the camps, but a few residing at greater distance will be authorized to attend the nearest camp.

Will Train 10,000 Men.

In the camps held throughout the United States this year, the War Department plans to train approximately 10,000 men. From this meager start it is intended to increase the size and scope of the camps to one month's course each year for three years, successful completion of which will qualify the candidate for a commission in the officers' reserve corp. It is intended to expand these camps to a capacity of at least 150,000 each year.

Applications for the camps can be made locally through the secretary of the Elks lodge.

ARMENIAN DIPLOMAT HERE TO THANK AMERICA FOR AID

Gabriel Noradounghian, Vice-President of the Armenian Mission to the Peace Conference, who recently arrived in New York from Europe. He is here to thank the American people through President Harding for the aid given to his stricken country.

APRON SOCIAL A SUCCESS.

C. W. B. M. of Central Christian Church Makes \$18 For Foreign Missions Thursday Night.

The C. W. B. M. auxiliary of the Central Christian Church made \$18, which is more than enough to finish out their pledges to foreign missions, at the Apron Social which was held in the basement of the church Thursday night. An admission fee which equalled in pennies the number of inches a person measured around the waist was charged all those attending.

The following program was given: Reading, Bonnie Kressenberg; piano duet, Mattie Mae Renfro and Katherine Wheatley; reading, Charles Mireau; violin solo, Miss Katherine Pfeifer; and talk, Gus Ramage.

Refreshments of lemonade and cookies were served.

Is Building Bungalow.

A five room bungalow is being built on the corner of Bowie and Wanderer streets by F. R. Chivers.

Farmers have progressed about as far as have Wilbarger county agriculturists in their harvesting work, and the travelers saw no threshing going on. Cotton in that locality is no further advanced and corn does not look as promising as does the local product.

OFF ON 5,000-MILE FLIGHT TO VENEZUELA.

From Continent to Continent by airplane on a business trip was the purpose with which James Ois, president of the San Francisco Aero Club, started recently, with Caracas, Venezuela, as his goal. Mr. Ois is accompanied by Pilot William Morris and Charles West, a mechanic. Five thousand miles lie between the intrepid pioneers and their destination. Mr. Ois, who owns a plantation at Caracas, proposes to demonstrate by his business flight that aviation has reached the stage where it is practical for long journeys.

YOUNG GOTCH WILL MEET AL ACKERMAN

VERNON ATHLETIC CLUB COMPLETES PROGRAM FOR 4TH OF JULY.

Young Gotch of Los Angeles, Calif., has been selected to meet Al Ackerman, middleweight champion of Ohio, at the Fourth of July athletic carnival that will be staged by the Vernon Athletic Club at the fairgrounds. Both wrestlers have enviable records in the padded arena, as well as hosts of backers.

Gotch has wrestled much on the Pacific coast and his name was given him by the Los Angeles Athletic Club. Ackerman has made a name for himself in the East. Each wrestler will receive thirty per cent of the gate receipts.

Boxers Wanted Too Much.

Original plans embraced bringing a pair of boxers here to furnish the main go on the nation's holiday, but the guarantees asked by theistic experts were out of all proportion to what could normally be looked for in receipts. A great many of the glove experts were also matched for bouts on that day.

A ring will be built immediately in front of the grandstand at the fairgrounds. A five piece orchestra will furnish music during the entertainment.

Ex Soldiers Will Play.

Some good preliminaries have been drawn up and will consist both of boxing and wrestling bouts. The first will be between J. H. Hill of Vernon, Calif., and D. Webb of this city, five rounds.

The second will be fought between Sam McLarty and Morgan Ramsey, both of Vernon. The third number will be a battle royal between me-

gros. The second half of the preliminaries will consist of wrestling bouts. They will be between local club members. The first is A. J. Schell, 140 pounds vs. Curtis Hogsett, 139 pounds, finish match; the second Robert Williams vs. Ambers Robinson; and the third Fred Ragland vs. Tom Miller.

The local post of the American Legion is making efforts to bring a ball team here for a game on the Fourth of July. This will be staged in conjunction with the program offered by the athletic club. The opposing aggregation will in all likelihood be from Electra, Altus, Okla., or Crowell.

COUNTRY NEAR FORT WORTH EXTREMELY DRY

F. A. N. O'Neal and H. S. Starr returned this morning from Fort Worth where they have been on a cattle buying and selling trip. Between Fort Worth and Decatur the country is extremely dry, according to Mr. O'Neal, and wheat and oats are quite spotted.

Farmer have progressed about as far as have Wilbarger county agriculturists in their harvesting work, and the travelers saw no threshing going on. Cotton in that locality is no further advanced and corn does not look as promising as does the local product.

LISMAN RETURNS FROM CONCERT TOUR

LOCAL BARITONE WINS MUCH PRESTIGE PAST YEAR BY SINGING.

Edwin Lisman, son of Mr. and Mrs. T. P. Lisman, and who has won considerable prestige in the East during the past year by virtue of his excellent baritone voice, arrived home Wednesday from Chicago. Mr. Lisman has just finished a tour which he began in January with the Meister Singers' Quartet.

Starting last September and continuing until January the local singer traveled with the Americanadian Festival Quartet. Parts of Canada and the New England states were visited, and Mr. Lisman received much favorable comment on his voice. The Vernon baritone will return to Chicago in about a month where he will make plans for the opening of another concert tour.

Compliments Performer.

Floyd Fraser, trombone player with the Musical Grenadiers, an organization appearing here tomorrow with the chautauqua, was a traveling companion with Mr. Lisman during his tour with the Americanadian company. Mr. Fraser is a singer as well as an instrumentalist and is manager of the Grenadiers. Mr. Lisman is highly complimentary in his comment on Mr. Fraser and the organization with which he is appearing.

DEHONEY HEADS COMMITTEE.

Local Superintendent Leads Those Who Will Make Arrangements For Tri-County Institute.

E. L. Dehoney, superintendent of Vernon schools, is chairman of a committee having in charge plans for a Tri-county teachers' institute that will be held in Wichita Falls September 1 to 10. Wilbarger, Wichita, Clay and possibly Baylor will be represented at the institute.

Arrangements for the institute were made Saturday at a meeting of delegates at Wichita Falls. The institute plans to have educators of national and international prominence in attendance.

Those on the executive committee from this county are J. N. Fulcher, county superintendent; E. L. Dehoney, city superintendent; and R. S. Covey, superintendent at Harrold. It is probable that at least 100 teachers will attend the institute from Wilbarger, Superintendent Fulcher stated. The meeting will be held before any Wilbarger county schools commence their sessions.

CITY WORKMEN CLEAN MAIN STREET PARKINGS

Parkings on Main St. south from the depot are being cleaned by city workmen and the weeds cut; also recent heavy rains have added greatly to the work of the city, and it has been necessary to drain several large mud holes. Work was completed a few days ago on the St. James St. sewer which caved in after rains several months ago.

EXPECT TO DEEPEN BURTON WELL SOON

OPERATORS INTEND TO BEGIN DRILLING OPERATIONS WITHIN TWO WEEKS.

W. G. Burton and W. E. Cabeen of Fort Worth, operators on the Burton lease south of town, are in Vernon in the interests of drilling further the hole on the lease and, according to a statement by Mr. Burton, it is hoped to commence work within two weeks. Both men are well known here, having maintained an office across the street from the city hall during the local boom.

Sees Possibilities Here.

It had been expected to start work on the Burton well several weeks ago, but the requisite arrangements could not be made in time. Mr. Burton is decidedly optimistic concerning oil prospects in the local field, and believes there is still much opportunity for development.

"I run across numbers of operators who are interested in the Sigler field," said Mr. Burton, "and they are mostly in Wichita Falls and Breckenridge. They figure there are big possibilities in this field and three or four I know intend putting down holes as soon as they are able to do so."

Wait For Financial Rift.

"Money is so tight now that it is difficult to carry on drilling operations or finance a new well, and this is the principal barrier. However, it is assumed generally that this field has excellent prospects inasmuch as the Sigler number 1 has pumped steadily now for about a year and a half. A 100 barrel well in this field is considered the equal of a 1,000 barrel field in many others both because of the structure here, and because of the steady production I mentioned before."

Operators interested in drilling in the Sigler field are trying to make deals with local owners and lease holders, Mr. Burton said. More wells will probably result as quickly as these can be consummated.

WIN GAME IN NINTH.

Baptists Take Baseball Contest From Christians After Two Extra Innings Are Played.

Nine innings instead of the regularly scheduled seven inning game were necessary Tuesday to decide baseball honors between the Baptist Sunday school aggregation and that representing the two Christian churches of the city. The final count was 9 to 8 in favor of the Baptists.

Both teams fought desperately for the advantage, and the score saw back and forth throughout the contest. Johnson of the Christian team and Adderholt of the Baptists pitched good ball and kept hits well scattered.

The Baptists lined up as follows: Adderholt, p; Gilliland, c; Ladd, 1b; Carrington, 2b; F. Delmaso, ss; Foster, 3b; Bridges, lf; Small, cf; Vetro, rf. The Christian team lineup was: Johnson, p; Curtis, c; Cabe, 1b; Shepard, 2b; Teal, ss; Larrimore, 3b; Parr, lf; Vaughn, cf; Mason, rt. Umpires were Rouse and Lisman.

OIL DEVELOPMENT STIMULATED IN WILBARGER FIELD

Operators Plan Several New Tests and Others Will Deepen Old Holes—Pyramid To Put Well Down Near Present Location—Work On Triangle Will Commence Monday.

There is a distinct possibility that Wilbarger county will witness more brisk development in the Sigler oil field in perhaps the near future if plans of operation materialize. Several new wells are under contemplation, and the deepening of other holes is an assured fact.

A new hole will be drilled by the Pyramid Royalty Co., according to advances from that office this morning. The exact location has not been determined, but in all probability it will be near the present test. The project is already financed.

Sigler Plans Tests.

Further development embraces the plans of the Sigler Oil Co. to put down three new holes offsetting Number 1. Nothing definite has as yet been decided upon and officials are unwilling to discuss their project at length. Lloyd Sigler, who returned to Vernon Wednesday, has the plans under advisement.

Triangle operators expect to start work at deepening their hole Monday. Original plans were to commence operations this week-end, but delayed express shipments have prevented.

Triangle To Start.

The largest part of the new Triangle stock has been subscribed, and there are sufficient funds on hand to go on with the work.

The test will be conducted as far as finances and tools will permit. Operators have lost none of their faith in the possibilities of the field, and express themselves as willing to stake their all on its yield.

The Texahoma, drilling on the E. P. Hicks farm east of Vernon, is down about 1,100 feet, and has encountered extremely hard going. The bit passed from one solid formation to another, and progress has necessarily been slow. There have been no shutdowns thus far.

Camp on Groesbeck.

Miss Rose Eilmann, county Red Cross nurse, and eight young ladies who have been of especial help to her in her work of examining school children, went to Gip Rock on Groesbeck, four miles north of Quanah, for a night's camp Wednesday. They left here at 3:30 o'clock in the afternoon and planned to return early the next morning but on account of the heavy rains near Quanah did not get back until 6 o'clock Thursday. Those in the party aside from Miss Eilmann were Misses Edith Lacy, Eula Goodfellow, Laura Randall, Lois Morrison, Helen Hiatt, Charlie Mae Northcraft, Gladys Allison and Lizzie Reese.

Commissioners Wednesday passed ordinance 381 regulating the packing of trucks, wagons, floats, drays, and other vehicles used in the business of hauling and transporting freight for the public. The ordinance in full is printed in another part of this issue and will become a law after its second publication.

Further business at the meeting was the fixing of the 1921 tax levy at \$1.50 on the \$100 valuation. This rate is the same as the one in effect the past year.

This amount will be divided as follows: general fund 25 cents, school fund 50 cents, bond fund 45 cents, street and bridge fund 15 cents, fire department fund 10 cents, library fund 5 cents. Poll taxes will be one dollar each.

VERNON OFFICIALS DISCUSS BUILDING CITY LIGHT PLANT

Commissioners Believe \$100,000 Bond Project Would Carry By Large Majority—Chief Difficulty Would Be Entailed In Marketing Paper—Pass Several Ordinances.

One of the principal items of business discussed Wednesday at the meeting of the city commissioners was the voting of \$100,000 in bonds for the purpose of building a municipal light plant. All phases of the project were dealt with, and it is probable that the matter will be put to a public vote late in the summer.

According to one of the city officials, it was decided that current should be supplied at a lower cost than at present in view of the decrease in costs of fuel and labor over this time last year. The matter of combining the light and water plants was not decided upon.

Believe Bonds Will Carry.

Confidence was expressed by one of the city commissioners that light bonds would carry with eighty per cent of the voters. The chief difficulty confronting the officials, however, is the marketing of the paper. It is not desired to sell the bonds at a considerable discount as would be necessary on the present market.

Many citizens, it is said, are strong advocates of a municipal light plant. Commissioners are making an investigation of rates charged in other Texas towns.

Commissioners Wednesday passed ordinance 381 regulating the packing of trucks, wagons, floats, drays, and other vehicles used in the business of hauling and transporting freight for the public. The ordinance in full is printed in another

If you are sorry for yourself—if the whole world is wrong and the world is dark and dreary—look at this picture and "cheer up." In the Massachusetts Hospital School they call him "Sunny Jack" Guiney. Study the picture, and you will know why. The other day his team, every member of which is a cripple, played ball at Franklin Park, Boston, and "Sunny Jack" did the honors from the slab. Here is a picture of the cheery-looking fellow photographed during the play, while pitching a hot one over the plate.

TOURNAMENT IS WELL SUPPORTED**GOLF ENTHUSIASTS AT HILL CREST HAVE REACHED SECOND ROUND.**

Enthusiastic participation on the part of club members has featured the golf tournament in progress at Hill Crest Country Club, and it is expected that most of the second round of play will be completed by today. The contestants are playing over but two holes on account of the marshy condition of the remainder of the course.

There have been but few forfeits thus far, and even those who have played very little are attempting to test their abilities with driver and putter. The ground has been dragged and is in good condition since the recent rains.

Results Tuesday in the first round were as follows:

Birdsong defeated L. G. Hawkins over six holes, 44 to 53; G. C. Morris won from A. B. Swartwood, 49 to 58; E. C. Christian defeated Luther Webb, 48 to 58; Frank Murchison won from L. E. Piper, 56 to 59.

Elimination Continues.
Wednesday the results were as follows: Jed Morrow won from Wallace Huggins 65 to 86; Emory Rhoads won from E. G. Schroeder 54 to 58; W. K. Long forfeited to R. B. Gibson, and R. D. L. Killough forfeited to Daniel Bond.

Thursday the scores were the following: R. H. Coffee won from Wylie Bennett 59 to 72; Jed Morrow won from H. Rogers 58 to 68; Hub Colley won from S. W. Hayne 61 to 62 and E. C. Christian defeated Frank Murchison 52 to 58.

Matches scheduled for today are: G. C. Morris vs. Homer Rogers; W. N. Stokes vs. J. A. Birdsong; Emory Rhoads vs. E. P. Hicks; R. B. Gibson vs. Daniel Bond.

TRY RICE-STUFFED STEAK: THE FAMILY WILL LIKE IT

Stuffed steak is good eating, and possesses the additional advantage of extending a small amount of meat. The following recipe for this dish is recommended by food specialists in the United States Department of Agriculture:

1 pound round steak,
2 cups boiled rice.
Salt.
2 tablespoons chopped parsley.
1 teaspoon onion juice.
Paprika.

Blend the rice with the seasoning. Pound the steak until thin. Spread the steak with a layer of the rice stuffing about 3-4 inch thick. Roll and tie in shape or fasten with skewers. Put in a covered pan with enough water to keep from burning and cook in the oven for 30 minutes. Take off the cover and brown before removing from the oven. Thicken the stock left in the pan for gravy.

Or, if preferred, make individual servings. Cut a 2 inch square of steak, place a tablespoon of the dressing in the center, roll the steak around it, and fasten. Place it in a pan with a little water and cook as the roast was cooked. This steak is very good served with a tomato sauce.

Three Tractors Sold.

Fordson tractors were sold the past week to W. M. Bowman, living eight miles southwest of town; H. M. Lacy, living six miles northwest of Vernon; and M. M. Patton, living also six miles northwest of town.

CONFINING HEN IN COOP REDUCES LOSS OF CHICKS

Chicks hatched during the winter should be brooded in a poultry house or shed while the outside weather conditions are unfavorable; after the weather becomes settled they should be reared in brood coops out of doors. It is best to make brood coops so that they can be closed at night, to keep out cats, rats, and other animals, and enough ventilation should be allowed so that the hen and chicks will have plenty of fresh air.

The hen should be confined in the coop until the chicks are weaned, while the chicks are allowed free range after they are a few days old. Where hens are allowed free range and have to forage for feed, for themselves and chicks, they often take the latter through wet grass, where they may become chilled and die. Most of the feed the chicks get by foraging goes to keep up the heat of the body, where as food eaten by those that are with the hen that is confined produces more rapid growth, as the chicks do not have so much exercise.

In most broods there are one or two chicks that are weaker than the others, and if the hen is allowed free range the weaker ones often get behind and out of hearing of the mother's cluck and call. In most cases this results in the loss and death of these

chicks, due to becoming chilled, if the hen is confined, the weaklings can always find shelter and heat under her, and after a few days may develop into strong, healthy chicks.

The loss in young chicks due to allowing the hen free range is undoubtedly large, say poultry specialists in the United States Department of Agriculture. Chicks frequently have to be caught and put into their coops during sudden storms, as they are apt to hide in some hole or corner where they get chilled or drowned. They must be kept growing constantly if the best results are to be obtained, as they never entirely recover from checks in their growth, even for a short period.

Hens are usually left with their chicks as long as they will brood them; although some hens commence to lay before the chicks are weaned.

Opens Wrecked Car Business.

George A. Long has opened a wrecked car business in the East Side Garage. Mr. Long buys, wrecks and sells second hand cars of all kinds. In wrecking old cars Mr. Long expects to have in the future spare second hand parts for almost any make and model car. He has had 11 years experience in the automobile business and for the past several years has been engaged in his present occupation. Along with his other business Mr. Long expects to do expert repairing.

Purchases Buick Car.

L. L. Dixon, living east of Harrold, purchased a five passenger Buick last week.

WANTED—Clean cotton rags at The Record Office.

DEBTS OF VERNON
AMOUNT TO 194,460

CITY SECRETARY PREPARES FINANCIAL STATEMENT FOR COMMISSIONERS.

Vernon's total bonded indebtedness \$194,460, according to figures presented by the city commission by S. H. Hall, secretary. Of this amount 25,000 in bonds have been issued but not yet sold.

The amount of the money on hand for a sinking fund is \$44,010.29. Outstanding warrants against the city are \$15,351.06. Outstanding notes against the fire department are \$11,500.

Figures Were Erroneous.

Figures compiled by the Chamber of Commerce and printed in the last issue of The Record erroneously give the impression that the city tax rate is \$1.50 per \$100 valuation. More explicitly, the school rate is 50 cents, and the city rate one dollar, making a total of \$1.50.

City taxes collected were put at \$7,131.26 and should have been \$63,839.08. The total amount of city and school taxes collected is \$94,468.27. Delinquent taxes collected up to June 1 are \$2,088.75.

Gallons and Not Feet.

Concerning utilities, it should be stated that thirty-three and one-third cents are charged for the first thousand gallons of water and not cubic feet. The charge for electricity is fifteen cents a kilowatt for the first fifty kilowatts, and twelve and one-half cents a kilowatt for the second fifty. All electricity above that amount is charged for at the rate of ten cents per kilowatt.

Ice delivered to the residence district is eighty cents per hundred pounds, to restaurants, groceries, and soda fountains it is seventy cents, and for meat markets sixty-five cents.

HAWAIIANS OPEN PROGRAM.

Islanders' Number Said To Be Well Above Average—Plattenburg To Speak This Evening.

Vierra's Hawaiians were on hand this morning in readiness to present the opening number of the chautauqua program which began at 2:45 this afternoon. This islanders' production has been heralded as far above the average of such performances. They will also play this evening at the entertainment which commences at 7:45.

Charles H. Plattenburg will speak this evening on a subject vitally affecting the entire community. The lecturer's talk is said to be replete with spice and vigor, and contains many common sense facts for the average citizen to ponder over.

Guarantors of the chautauqua have been making strenuous efforts to sell a sufficient number of season tickets to meet the funds posted. The proposition has been put up to the citizens as a public spirited enterprise.

Candle and Grade Eggs.
Farm women frequently have entire charge of the marketing of eggs, butter, and poultry. In some States they form what are called "egg circles" for marketing their eggs in large quantities. The eggs are collected regularly by one of the members or by some one hired by the circle. Efforts are being made by marketing agents of the United States Department of Agriculture to teach these farm women the value of properly candling and grading the eggs, so that only the best are marketed.

COUNTY LOWERS TAX RATE TEN CENTS

REDUCTION IS MADE BECAUSE OF ECONOMIES IN ADMINISTRATION.

County tax payers will pay a rate ten cents lower than that formerly in effect through the action of the commissioners' court this week in lowering the scale from sixty-five cents on the \$100 valuation to fifty-five cents. Valuations will remain the same.

The reduction was made possible by several economies effected by the county officials. Payment of the new jail bonds has left one and one-half cents extra, there is considerable money in the jury fund, and it was found that sixteen and one-half cents instead of twenty-four and one-half cents would be a sufficiency for the general fund.

Valuations Not Changed.

Valuations were not changed, according to the county judge, due to the fact that they were never raised during the oil boom, as is the opinion of many. Assessments were made the January before excitement occurred.

If conditions remain the same, said Judge McHugh this morning, the count-

ty will be free from indebtedness in ten years.

Mrs. W. R. Hinckley of Fort Worth who has been visiting her sister, Mrs. E. C. Christian, since last Friday, will return home tomorrow.

Mrs. Annie Allen of Aubrey, left Wednesday afternoon for her home after spending a few days with her friend, Mrs. Fred Newth.

Foreign Advertising Representative
THE AMERICAN PRESS ASSOCIATION

Vernon, Texas, Friday, June 17, 1921.

WHY HE IS OPTIMISTIC.

L. K. Johnson is an optimist. He is optimistic over the situation Wilbarger county faces at this time, and when you listen to his reasons, it is hard to keep the corners of your mouth from tilting in such a way that you just smile whether or no.

Mr. Johnson explains it like this: The people are working. In a large measure, the foolish spending of money has been cut out. Earners are either saving their funds or using them to pay debts, in either case providing the funds necessary for "good times." Let it be understood that times are not nearly so "bad" as they might be now.

The volume of business being transacted with Vernon merchants is gratifying, and compares favorably with any other year than 1920.

Furthermore, Mr. Johnson points out that Wilbarger county will harvest a larger wheat crop than many have believed, the farmers receiving therefor a price well above what had been anticipated. He points out that our barns are full of feed, and that another feed crop is practically assured.

Take the case of cotton—exports are increasing, not any feverish increase, it is true, but an appreciable increase. Counties in Central and South Texas report ravages of the boll weevil, and reports from the Old South indicate that very little fertilizer has been used. Add all of this to an acreage reduction of 30 per cent, and it begins to look like at least a fair price for our cotton.

There is a lot of hard work ahead. You have to pull up grade, and that is the way we are going. But we reached the bottom some time ago, Mr. Johnson thinks, and are now going up grade again, with practically everybody pulling, even though a few are not smiling.

USE YOUR COUNTY AGENT.

Farm and Ranch is authority for the statement that the average county agent is the most useful man in the county, or would be if given the opportunity. While he seldom "knows it all," he is in position to get any farmer desired information from a reliable source in the quickest time possible. He is ready to serve anywhere at any time.

Continuing, Farm and Ranch says: "The county agent receives his compensation from the Government. The Federal and State Governments contribute and every property owner pays his part. Therefore he is a public servant, but unlike many who draw their pay from the public treasury, he is always willing to earn what he gets and a great deal more. Being a public servant, there is no reason why he should not be of service to every farmer in his jurisdiction, and if he is not, more than likely it is the farmers' fault and not the agent's."

The work of the county agent in the Southwest has justified his hire. Not only has he imparted much valuable information and instruction in better farming methods, but he has brought about cooperation among producers in the marketing of their products, and developed community interests, the value of which is beyond estimation.

The farm agent may not always be right, but the average man in the field is sincere and also competent. His efforts should receive a greater tribute of appreciation from those whom he stands ready to help and a greater reward from the paymaster."

ONE LESSON OF THE FLOOD.

While the loss of life in the disaster that overtook Pueblo is not so appalling as at first indicated, the property loss total grows. The number of destitute and suffering reaches a total of thousands.

Governor Shoup of Colorado, in a statement to the National Government, urges an emergency appropriation of \$20,000,000 to reconstruct twenty-five large steel and concrete bridges in the valley of the Arkansas and its tributaries. The loss and suffering were by no means confined to Pueblo.

As has been the case in every disaster during more than a decade, the Red Cross was first on the scene to give aid and comfort. This will bring home to the American people the unquestioned necessity for maintenance of the Red Cross as an unfailing resource in the time of calamity.

THE FREE PUBLICITY GRAFT.

Likely the resolution adopted by the State Press Association against the publication of free matter furnished by political organizations, the various drive and relief committees, fairs, and educational institutions was not so

Miss Dellora Angell, of Lake Forest, Ill., who inherited \$37,000,000 from her aunt, Mrs. John W. Gates, is to wed C. Wilson Campbell, Los Angeles oil promoter, according to reports from Chicago announcing the engagement. Miss Angell met Campbell while at school in California last winter. He is a graduate of Ohio State University and owns oil lands around Tulsa, Okla. The bride-to-be is eighteen years old and will receive a quarter of her inheritance when she is thirty, another quarter five years later and the remainder when she is forty. The young woman also inherited and received \$10,000 from the estate of Charles W. Gates, her cousin and son of John W. Gates.

FARMERS START THRESHING.

Wheat Growers Of Section Are Taking No Chances Of Losing Any Of Crop By Waiting.

Threshing is now under way in Wilbarger county and farmers in the eastern section, especially, are busy along this line. Wet weather has served to hinder work more in the west and northern parts of the county, and agriculturists there are a few days behind as a result.

Farmers are extremely busy and are endeavoring their utmost to take all possible means of safeguarding their crop. Some are threshing before harvest is completed.

Since the advent of more fair weather it has been found that wheat was not damaged as badly as had at first been feared. Only a negligible portion of the grain has sprouted.

Reports from the northwestern part of the county indicate that hail fell there Wednesday night at the time a shower was experienced in Vernon. The stones were small but the dead ripe condition of the grain made it especially easy prey for the precipitation. The damage, however, was much smaller than that occasioned by hail last week.

Dance At Hill Crest. Members of the country club enjoyed an informal dance last evening in their new clubhouse. Music was furnished by a local orchestra. Added pleasure was given to the affair by several vocal solos by Edwin Lisman who returned Wednesday from singing engagements in the East.

Ask Loan of Cots And Tents.

Home demonstration agents are especially desirous that those having cots and tents to loan for the girls' encampment the end of the month communicate with them in their office in the library building. A considerable number of these essentials will be in demand.

Three Make Auto Purchases.

A Maxwell five passenger car was sold this week to R. C. Stewart. A. L. Graham purchased a Maxwell roadster. A five passenger Hupmobile was sold to W. E. White. All the sales were made by the Works Auto Supply Company.

Notice To Taxpayers.

The Commissioners Court of Wilbarger County, Texas will convene at the Court House in Vernon, Texas, on Monday and Tuesday, June 27 and 28, 1921, as a Board of Equalization to equalize the taxes for the year 1921, and this is to notify you to appear before said Court on said dates to show cause, if any you have, why the valuation of your property should not be raised.

SUPREME COURT DENIES RE-HEARING IN SWIM-BELL SUIT

A motion for a rehearing in the Swim-Bell case which has been fought in the courts of the State for eight years was recently overruled by the Texas Supreme Court. H. A. Bell, defendant in the case pays S. E. Swim, the plaintiff, over \$4,000 in judgment. Suit was originally entered for \$1,500 but the interest and costs have made the amount much greater. Both principals are Wilbarger county residents.

Never trouble, trouble till trouble troubles you. Then go to Lutz & Schmoker's and get a set of Trubipruf tires for your car, then your tire troubles will be over. 77-tfc

O-U Money. We have plenty to loan on improved farms. Davis & Summerour. 87-tfc

Cleanliness

There are some facts about our fountain service that we know the public appreciate. Most important of all is the fact that we clean with HOT WATER. Our dishes, glasses, milk pump, fruit jars, interior of the fountain, and the floor underneath and behind the fountain are all cleaned with scalding water. We try to merit your patronage.

HOT WATER CLEANLINESS

The Record classified ads bring result.

STOP Wasting money and heed the visible danger signals—poverty and disaster.

LOOK Ahead of you always. Since the beginning of time civilization and progress have marched, hand in hand, to a FORWARD Order.

SWARTWOOD & COMPANY

**THERE'S MUSIC
'NEVERLYING FOR
YOU TO SKATE BY**

Spread the eagle, Dutch roll, make a figure eight,—can you do them all? Can you skate partners, backwards, or whirl around like the proverbial dervish? If you can, then come along and demonstrate on Vernon's new roller rink. Show the crowd how good you really are, how actively you can round the corners, and perhaps perform a gyration foreign to the average roller skate exponent.

Skinnay, Buck, and Bill—they're all over there and waiting to be shown. Buck tore out the seat of his new breeches yesterday during an over zealous attempt to concoct a new figure, and Bill skinned the very dickens out of his knee, but both will be on hand today to do it all over again.

And wait until you hear the music! One could let his feet glide along forever to such strains. Stroke, stroke—why, it is just as natural as walking down the street. You haven't skated for a long time? Well, neither has anyone else but that's all in the game. If you ease yourself down into a chair for the next few days, or walk about town with a decided limp it will simply be telling the world that you—well, that you have been obeying that impulse.

**SCISSORS IN THE KITCHEN
USEFUL FOR MANY THINGS**

Medium-sized scissors hanging in a convenient place in the kitchen are a valuable help. Here are some of the purposes for which they will be found useful, according to workers in the Experimental Kitchen in the United States Department of Agriculture:

For cutting cold meat into cubes. For cutting celery or green peppers into small pieces for pickles or salads. For shredding cabbage or lettuce. For cutting up raisins or dates. For cutting out the center membrane of a grapefruit in preparing it for the table.

For cutting out the woody core and eyes of fresh pineapple.

For trimming the rinds from breakfast bacon.

After the scissors are used each time they should be carefully washed and dried.

Mrs. J. T. Williams is in Wichita Falls, where she will visit her daughter, Mrs. Clois L. Greene.

IN SOCIETY

**MRS. MORE ENTERTAINS
THURSDAY BRIDGE CLUB**

Mrs. R. L. More was hostess to the Thursday Bridge Club yesterday afternoon and at the same time entertained a number of friends outside the club. She was assisted by Mrs. Katherine Waggoner, who served punch to the guests as they arrived, and by Mrs. J. E. Dodson, Jr., Mrs. T. P. Lisman, Jr., Mrs. Emery Rhoads and Mrs. S. W. Bailey. A dainty plate luncheon was served at the close of the games; and pieces of silk lingerie were given as high score favors.

The club members present were Mesdames Dan Bond, T. P. Lisman, Jr., Hubbard Colley, Bob Ferrell, Delta Housells, W. K. Long, Myrt Napier, L. E. Piper, Emery Rhoads, A. B. Swartwood, J. V. Townsend, Luther Webb, Katherine Waggoner, J. E. Dodson, Jr., and Miss Esther Swartwood. Others invited were Mesdames Harry Mason, F. L. Massie, C. S. McCollough, L. K. Johnson, Joe Napier, Shirley Cook, S. W. Bailey, J. L. Swartwood, E. P. Hicks, A. C. Boger, A. N. Vernon, Herbert Farrell, L. E. Fisher, F. M. Kemp, Dan Bonner, Frank Murchison and Boss Osborn, and Misses Lillian Murchison, Lorraine Mae Works, Adelle Sumner, and J. L. Murray.

Has Birthday Party.

Claud Oliver, Jr., celebrated his eleventh birthday with a party for about twenty of his friends Wednesday afternoon. Mrs. Oliver chaperoned the children to Allingham Park where they enjoyed playing games. They were served with ice cream cones.

**MRS. HOWARD REGER
ENTERTAINS TWICE**

Mrs. Howard Reger entertained the Wednesday "42" Club Wednesday afternoon and on the following day had a "42" party for others of her friends. The hostess used sweet peas and nasturtiums, together with ferns, in decorating for the two occasions and her guests were served with ice cream and cake. Those present Wednesday afternoon were Mesdames A. C. Boger, Mart Boger, Dan Bond, J. S. Cook, C. J. Farrell, H. B. Farrell, S. W. Bailey, G. W. Backus, E. P. Hicks, N. R. Heath, T. P. Lisman, T. P. Lisman, Jr., Emery Rhoads, Cy Long, F. L. Massie, Harry Mason, A. H. Murchison, W. N. Stokes, J. L. Swartwood, J. D.

Summerour, C. T. Sullivan, L. G. Hawkins, W. A. Ish, J. V. Townsend, R. L. More, B. J. Parker, W. O. Anderson, J. W. Wheatley, T. J. Youngblood, J. A. Robinson, T. H. McMahon, Delta Housells, Harry Colley, Hubbard Colley, T. M. Ferguson, M. K. Byrd, R. E. Townsend, J. E. Lutz, E. L. Keitz, L. K. Johnson, W. M. Schindler, R. H. Coffey, R. L. Coffee, H. H. Rhoads, R. B. Sherrill, J. R. Stinson, Miss J. L. Murray, Miss Esther Swartwood and Miss Harriett Thomas.

The guests Thursday afternoon were: Mesdames W. W. Bennett, E. M. Hafey, E. C. Christian, W. R. Hinckley, J. A. Dixon, E. B. Elliott, Izora Johnson, A. B. Garland, B. D. Flanniken, Etta Long, John Reese, E. A. McGaw, Dee Norwood, Joe Parker, E. L. Pendleton, Roy Russell, J. B. Ross, George Hardin, Alva Robinson, M. R. Sewell, Dale Shive, Solon Sewell, Emmett Piper, J. G. Sherman, August Teunyson, H. L. Terhune, Linton Sullivan, Tom Summerour, J. H. Pettit, A. R. Taylor, Willie B. Waller, A. M. Biatti, D. H. Henry, R. H. Nichols, J. W. Adderholt, Y. H. Babasin, W. A. Wilhelm, H. B. Wilhelm, H. A. Conner; Misses Harriett Thomas, Veneta Denney, Erma Rhoads, Susie Scott and Inez Robinson.

Celebrates Seventh Birthday.

Little Miss Maxine Crow celebrated her seventh birthday with a party for a number of her friends Thursday afternoon at the home of her grandparents, Mr. and Mrs. R. S. Crow, on Olive Street. Those present were Frances Rutledge, Leta May Perkins, Billie Rutherford, Cleo Smith, Lillie McConville, Margaret Stinson, Ola May Wright, Josephine Flaniken, Mary Jeanette Bennett, Wiley Bennett, Jr., Annette Samuels and J. C. Armstrong.

**GENERAL AGENT COMPLIMENTS
LOCAL REPRESENTATIVES**

E. D. Bennett of Fort Worth, general agent for the Pacific Mutual Life Insurance Company, spent Thursday in Vernon with Dewey Wilson, district agent and Homer E. Wilson, special agent, for the company. While here Mr. Bennett said that Mr. Wilson is leading his agency in personal production for the year, as he did at this time last year, and has already written more than enough to qualify for the 1922 convention trip. Homer E. Wilson has a good volume of business to his credit and expects to qualify for the 1922 convention in time.

Both the Messrs. Wilson will leave about the last of this month for the agents annual convention which will be held this year at the home office in Los Angeles, California.

125 Pairs Women's Pumps to Be Sold at 5c a Pair

Tuesday Morning, 9 to 11 o'clock, June 21

We have in stock 250 pairs of women's pumps carried over from last season, and in order to sell them all in two hours, we have adopted the following plan: These shoes sold last year from \$7.50 to \$15 and we have assorted them into two lots at **\$2.95 and \$4.95**. On next Tuesday morning at 9 o'clock, every woman who buys a pair, will be sold a second pair for **5c**. For instance, you buy a pair from the \$2.95 counter for \$2.95, then take your choice of any other pair on the \$2.95 counter for 5c, making the two pairs cost you \$3. Or you buy a pair from the \$4.95 counter for \$4.95 and take your choice of any other pair on the \$4.95 counter for **5c**, making the two pairs cost you \$5. Sizes are 3 to 8, widths AA to D.

No telephone or mail orders filled, no approvals, no exchanges, no charges.

See the Pumps in our window Saturday, Sunday and Monday.

Every pair will walk out of our store Tuesday morning at 9 o'clock.

ARRANGE SCHEDULE FOR STATE EXAMS.

TEACHERS CAN TAKE TESTS EVERY MONTH FOR REMAINDER OF YEAR.

A complete schedule for the remainder of the year in reference to examinations for State teachers' certificates has been received by County Superintendent J. N. Fulcher. These tests are conducted every month, and those who successfully pass are entitled to a certificate permitting them to teach all grades.

The first examination will be July 1 and 2. Thereafter they will be August 19 and 20, September 2 and 3, October 7 and 8, November 4 and 5, and December 2 and 3. The examinations will be held in Vernon at a place to be designated by Mr. Fulcher. Those who intend taking them are asked to make application to him.

Following Is Schedule.

Following is the schedule that will be observed in the examinations, all of which, with the exception of those in August, will be conducted on Friday and Saturdays.

Friday forenoon—Arithmetic, physiology, music, elementary composition, higher English composition, physics, geography, botany, English literature, solid geometry, methods of teaching applied to elementary branches, and geology.

Friday afternoon—Texas history, elementary grammar, descriptive geography, plane geometry, American literature, bookkeeping, English chemistry, history of education, zoology.

Saturday forenoon—Spelling, writing, methods and management, reading, civics, modern history, psychology, chemistry, history of education, zoology.

Saturday afternoon—United States history, agriculture, drawing, American history, algebra, physics, plane trigonometry, school administration, and economics.

CONSERVATION OF MANURE INCREASES CROP YIELDS

Farmers in some parts of Eastern Pennsylvania, notably in Chester County, have been saving barnyard manure in walled enclosures adjacent to the stables, often paved with flagstones, for more than a century. The value of this efficiency has been shown in an investigation embracing the standards of management on 10 farms selected by specialists of the United States Department of Agriculture in the region mentioned, and the results are embodied in Farmers' Bulletin 978, which may be had free upon application to the Division of Publications.

The bulletin shows that the average yield of corn for the State is 22.50 bushels per acre, while on the 10 selected farms it is 55.50 bushels; the average wheat yield for the State is 18 bushels and for the 10 farms 29.75; hay average for the State is 1.43 tons an acre and for the 10 farms 2.65 tons; while the three farms that grew oats produced an average of 45 bushels an acre as compared with the State average of 33.10 bushels.

A survey of 378 farms in Chester County, on which exceptionally high standards of management are maintained, including close attention to handling of barnyard manure, showed an average corn yield of 65.3 bushels; wheat 24.8, and oats 41.6. The comparatively high yields in Chester County, the specialists say, can not be credited entirely to the way in which manure is handled, because the soil in that county is much better than the State's average soil, but special attention to manure and its conservation has been an outstanding feature of that county's farming.

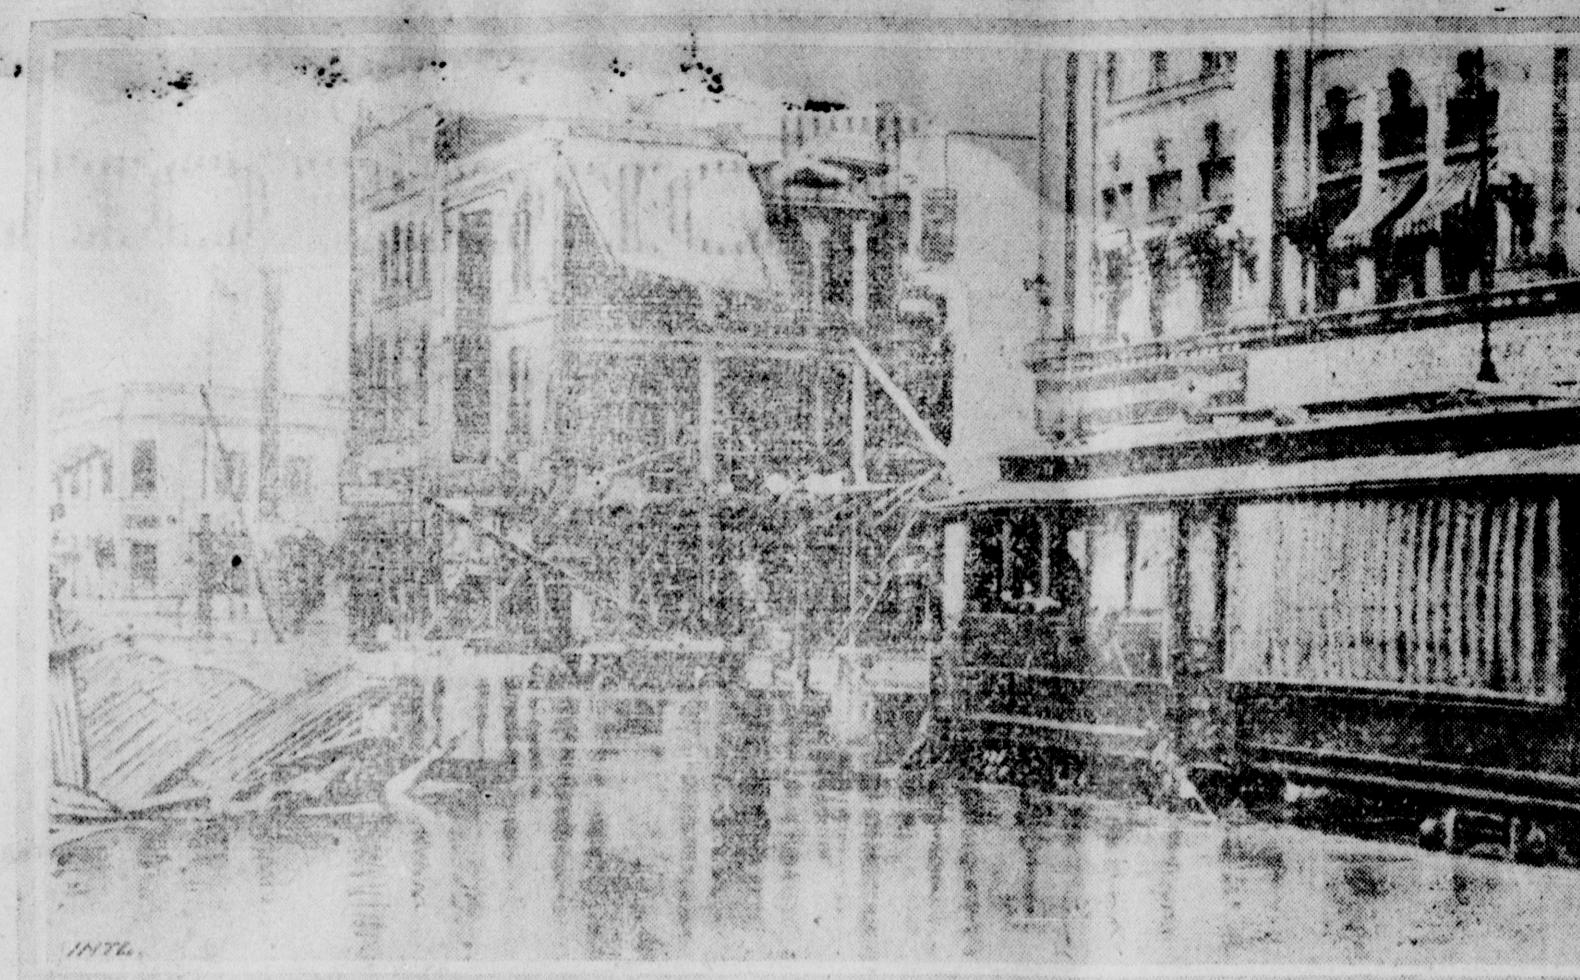

ARSENATE OF LEAD SPRAY WILL KILL GRAPE PESTS

To destroy the grape rootworm, cultivate the vineyard during early June, the United States Department of Agriculture advises. Spray the vines as soon as adult beetles appear with arsenate of lead, 1-12 pounds powder, or 3 pounds paste to 50 gallons of water or 50 gallons of Bordeaux mixture if fungous diseases are present.

To destroy the grape leafhopper, spray in late June or early July, when the nymphs of young insects are most abundant. Use 40 per cent nicotine sulphate, one-fourth pint to 50 gallons soapy water (2 pounds soap), or with 50 gallons Bordeaux mixture to control fungous diseases. Hit the lower sides of the leaves forcibly.

Haney To National Convention.
Everett Haney is in Dallas where he is attending the second annual national convention of the Junior Chambers of Commerce. Mr. Haney represents the legal junior directors.

Mr. and Mrs. C. M. Blair left Wednesday for Fort Worth where Mr. Blair is attending the State tax collectors' convention. Their three children are visiting in Medicine Mound.

This, one of the first photographs of the disastrous flood in Pueblo, Colorado, shows a view of Main and Fourth streets, after the flood. One of the walls of the building in the rear collapsed. Note the stranded automobile with water up to its hub. The loss of life, it is now said, will exceed three hundred, and the property damage is estimated as \$30,000,000. Water stood 17 feet deep in the D. & R. G. railroad station.

FELT LIKE AN IRON BAND AROUND HEAD

Mrs. Osborne Says She Shudders When She Thinks How She Suffered.

"For years," said Mrs. V. B. Osborne, of 118 Lancaster Ave., Lexington, Ky., "I have been in a run-down condition; nervous, weak and dizzy. I was actually so nervous that any sudden noise or excitement would produce a palpitation of my heart that frightened me. I absolutely could not climb stairs for to attempt such would thoroughly exhaust me."

"I had nervous headaches and when they came on it seemed that an iron band was drawn tight around my head. I now shudder when I think of those headaches. My stomach was weak and I could not digest the lightest liquid food. Any food of a solid nature caused nausea and the sickening sensation remained for hours."

My misery was almost unbearable. My sleep was never sound and I was worn out all the time. My condition was indeed a very deplorable one. I finally sought treatment in Cincinnati but nothing helped me one particle. I was on the verge of giving up in despair when a neighbor pleaded with me to try Tanlac. I obtained a bottle of the medicine and began its use.

"I began improving at once and soon felt my nervousness and dizziness disappearing. Then my headaches left me and I realized my strength had returned. My appetite and digestion improved and I am now so much better in every way. This Tanlac is a wonderful medicine and the only one that ever really helped me. I hope every poor woman who is suffering as I did will try it."

Tanlac is sold in Vernon by Ferguson Drug Company, in Harrold by Wilbarger Drug Company, in Odell by R. J. Belcher and druggists everywhere. It

is in MODEL Ford roadster, recently overhauled and in good condition. Good tires all around, \$200 cash buys it. Inquire at Hotel Vernon any morning. 44-29P

Notice.

The Ordinances of the City provide that the owners of dairy cows supplying this City with milk, or milk products, must have each and every animal so used carefully examined and tested for tuberculosis, and where the animal is found to be affected it is unlawful to sell milk from such animal.

The protection of the health of the community is the duty of the city officers to enforce these regulations, and a failure to comply therewith subjects the owner to prosecution.

Signed, HARRY MASON, Mayor.

J. SHIRLEY COOK, City Attorney.

No. 381

An Ordinance Regulating the Parking of Trucks, Wagons, Flatboats, Drays and Other Vehicles Used in the Business of Hauling and Transporting Freight for the Public or Hired as Common Carriers and Providing Adequate Penalties for the Violation Thereof.

Enacted by the City (Commission) of Vernon, Texas:

Sec. 1. It shall be unlawful for any person driving, using or operating any Truck, Wagon, Flatboat, Dray or other vehicle within the City of Vernon engaged in the business of hauling or transporting freight for the public or hired to park same at any point on Main street between the North line of Marshall Street and the South line of Maiden street, or at any point on Wilbarger street between the East line of Fannin street and the West line of Cumberland street, or at any point on Pease street between the East line of Fannin street and the West line of Cumberland street, or at any point on Pease street between the East line of Fannin street and the West line of Cumberland street; provided that this ordinance shall not be construed as to prohibit any such vehicle from being stopped or parked for a reasonable time while actually loading or unloading freight.

Sec. 2. Any person who shall violate any provision of the foregoing section shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not more than two hundred dollars.

Sec. 3. That this ordinance shall take effect from and after its approval and publication.

Witness my hand and seal of said City.

Attest: S. H. HALL, HARRY MASON, Mayor.

Fordson

TRADE MARK

\$625 f. o. b. Detroit

The merits of the Fordson Tractor can be best judged through the opinions of its daily users. We have asked a few of our customers for their frank comments concerning the operation of their Fordsons. Read what these owners have to say and then judge whether or not they are pleased with their purchases—or better still, ask them yourself.

W. W. LOVE—

I have run my Fordson three years. Last year I plowed 300 acres and cut 400 acres of wheat with it. I am running a 20 inch thresher with it this year. It saves time on the farm.

T. E. BURCHFIELD—

I am well pleased with my Fordson. The Fordson will do almost any kind of work six mules can do. Any one can operate the tractor; it has plenty of power.

G. F. EMRICK—

I have used a Fordson three years for plowing, discing, drilling and cutting wheat. It will do more work than 6 horses and at less expense. I could not get along without my Fordson.

A. P. HAWLEY—

I have run my Fordson one year and have not spent a cent for repairs or parts. It runs on kerosene which is cheap. The flies do not bother it and costs nothing for feed when not plowing.

ORGANIZE SUNDAY SCHOOL LEAGUE

PLAYERS DRAW UP SET OF RULES AND ARRANGE SCHEDULE OF WORK.

A complete set of rules governing the Vernon Sunday school league has been drawn up and the schedule for the remainder of the season completed. There are no offices in the organization.

It is first stipulated that any member of any of the classes in the league, in order to play baseball on any of the dates set in the schedule, must have attended Sunday School on the Sunday previous. Sickness or death in the family will be accepted as excuses.

Must Obey Umpire.

It is further agreed that all teams will abide by the decision of the umpire, and that it be imperative that the umpire bench any player who does not willingly consent to his decision, or who uses foul language. T. L. Rouse and T. P. Lisman will be asked to serve as umpires.

It is stipulated also that all games shall be played on the dates of the schedule as outlined and it is understood that the admission shall be ten cents. The proceeds will be divided in half.

Arrange Schedule.

The remainder of the schedule that will be observed in the Sunday School league is as follows:

June 20, Methodist vs. Christians; June 23, Methodists vs. Baptists; June 27, Baptists vs. Christians; June 30, Methodists vs. Christians; July 4, Methodists vs. Baptists; July 7, Baptists vs. Christians; July 11, Methodists vs. Christians; July 14, Methodists vs. Baptists; July 18, Baptists vs. Christians; July 21, Methodists vs. Christians; July 25, Methodists vs. Baptists; July 28, Baptists vs. Christians; August 1, Methodists vs. Christians; August 4, Methodists vs. Baptists; August 8, Baptists vs. Christians; August 11, Methodists vs. Christians; August 15, Methodists vs. Baptists; August 18, Baptists vs. Christians; August 22, Methodists vs. Christians; August 25, Methodists vs. Baptists; August 29, Baptists vs. Christians; September 1, Methodists vs. Christians.

Take It In Time.

Many Towns Getting Camp Sites.

Reports from Northwest Texas indicate that many towns are getting community camp sites in the National forest reserve of New Mexico. Recently a party of Plainview men, representing the board of city development, went to the reserve and picked out a camp site where any citizen of Plainview may go and build his cottage. Snow capped mountains are close by, and the place is said to be one of wondrous beauty. Amarillo is planning the selection of a camp site now. It has been suggested that Vernon might well do likewise.

Graduates From State University.

Bryan Backus is at home from the University of Texas, where he received the degree of Bachelor of Arts. About 450 degrees were conferred at the University in all departments.

Second hand fruit jars at 75 cents per dozen as long as they last at The Everything Store. Adv. 11

Dr. A. P. Howard drove a group of Chautauqua workers to the Lockett community Tuesday.

With the formal opening at Belfast, indicated by an arrow on the map, of the Parliament whose members were elected last month under the Home Rule act, the six northeast counties of Ulster become self-governing. This map shows the position of Ulster with relation to the rest of Ireland. Can Ulster demonstrate that home rule is more than a political catchword and swing the rest of Ireland into line?

Joyful Family Reunion.

"Two of my brothers, a sister, as well as myself have been chronic sufferers from gas in stomach, indigestion, pain in right side near appendix, and liver trouble for many years. My sister tried Mayr's Wonderful Remedy with such good results that we all took a course of it and it helped in each case. Last Sunday we had a family reunion in celebration of our recovery and what we all did eat." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Clubs That Makes Homes More Livable

Men have changed their ideas about women's clubs—they've discovered that they really make home more livable.

They teach the modern housewife so much more of the finer art of living—so much that is of value to the home—so many ways of being more helpful to the kiddies, in school and out.

And they're teaching too, as men have long contended, that much of the drudgery women once thought essential to thrifty home management isn't necessary at all.

There's the family washing, for instance. The efficient home maker has learned the true

economy of having it done the modern, scientific way.

Instead of fussing with it at home, she sends it to our big, sunlight laundry to be washed and ironed by specialists who make a study of fabrics and their treatment.

And in return she has more time to design prettier dresses, to plan finer meals, to make a cosier home, and her allowance goes farther.

Yes'm, you too, will find it decidedly the better way. Telephone our driver today, and right on the dot we'll return your clothes, all sweetly clean, beautifully ironed, ready to fold.

MORE COTTON USED IN MAY

Report From Washington Indicates Consumption Almost Twice That of Last Year.

Cotton consumed during May totaled 939,889 bales as compared with 541,377 bales during May last year, the census bureau announced today, according to announcement from Washington.

Of this 268,131 bales were consumed in cotton growing states compared with 310,516 bales during May last year.

Other comparative figures for this May and last were:

Other comparative figures for this May and last were: Held in consuming establishments May 31 this year

1,279,314 bales this year against 1,098,833 bales last year.

Held in public storage at compresses 4,730,861 bales this year and 2,586,868 last year.

Imported 10,452 bales this year and 15,767 last, and exported including linters 473,049 bales this year and 364,904 last year.

Linters consumed this May totaled 47,395 bales and 32,072 last May; held in consuming establishments 715,833 bales this May and 282,881 last year.

Held in public storage at compresses 269,198 bales this May and 193,372 last year.

VOLUME 13.

VERNON, WILBARGER COUNTY, TEXAS, FRIDAY, JUNE 17, 1921

NUMBER 45

COMPLIMENTS CITY ON IMPROVEMENT IN ITS SANITATION

State Inspector For Board of Health Says Dealers Are Taking More Pains To Protect Welfare Of Public—Calls Attention To New Law Regulating Operation of Bakeries.

Vernon as a sanitary community has improved decidedly over its condition six weeks ago, according to a statement made yesterday by S. M. Ramsey, inspector for the Texas State Board of Health. More precautions are being exercised by dealers to protect food from exposure to the filth of the streets, and especial gratification was expressed by the State official over the protection of fruit.

In local restaurants and eating places, said Mr. Ramsey, greater care is being taken to cover all pastry as thoroughly as possible. Soda fountains are also endeavoring to safeguard the public interest more fully. Meat markets are keeping their products screened satisfactorily and seeing that their refrigerators are in good order.

Vernon Compares Well.

Mr. Ramsey comes to Vernon at irregular intervals. He declined to make any comparison of Vernon with other Texas towns, but indicated that it is well up to the average.

The inspector called especial attention to an act passed only recently requiring everyone working where food or drinks are served to have a certificate showing that they possess no communicable or infectious diseases. This will be rigidly enforced, Mr. Ramsey stated.

New Bakery Act.

The visiting inspector likewise called attention to a recent act to regulate and make sanitary buildings and rooms used and occupied as a bakery, or for the manufacture of bakery products; providing for pure and wholesome ingredients of bakery products, and the cleanliness of receptacles used in the handling of same; prohibiting the use of impure materials and fixing the weight of a loaf of bread at a penalty for the violation of any provision thereof, and declaring an emergency. It is deemed that heretofore there has been no adequate law regulating the sanitary condition of bakeries in Texas.

UNCLE SAM ASKS FOR APPLICANTS TO TRAINING CAMPS

Elks Lodge Receives Data Concerning Course Of Instruction That Will Be Offered This Summer To Citizens Between Ages Of 16 and 35—Will Learn Elementary Principles.

Application blanks, posters, and other information concerning Citizens' Military Training Camps have been forwarded to the local Elk lodge by the eighth corps area commander, General Joseph T. Dickman, with the request that the data be given as much publicity locally as possible in order to stimulate attendance at the camps from this locality. A particular request is made that the lodge secure at least five actual applicants for the nearest camp and as many more as possible.

Through the medium of the Citizens' Military Training Camps the Government hopes to train in the elementary principles of good soldiering a large body of young men. In the camps this year in the eighth corps area, the War Department plans to train 1,000 men. Eight hundred of these will be sent to Camp Travis from July 15 to August 14 under the leadership of Brigadier-General Hanson E. Ely, and the remainder to Fort Logan, Colo., August 1 to 30 under Colonel Paul A. Wolf.

Camps Are Free.

Those in attendance will be taught the elements of close order drill, personal hygiene, physical training, athletics, discipline and morale. The citizens' Military Training Camps are free, the Government bearing the expense of transportation, clothing, equipment, subsistence and laundry. Those in attendance will receive no pay.

The privilege of attending these camps will be limited to approved applicants between the ages of 16 and 35 years, and they must possess average intelligence, be of good moral character, and in good physical condition. On account of the limited appropriation of Congress for these camps, approval must be generally limited to candidates living within 200 miles of the camps, but a few residing at greater distance will be authorized to attend the nearest camp.

Will Train 10,000 Men.

In the camps held throughout the United States this year, the War Department plans to train approximately 10,000 men. From this meager start it is intended to increase the size and scope of the camps to one month's course each year for three years, successful completion of which will qualify the candidate for a commission in the officers' reserve corps. It is intended to expand these camps to a capacity of at least 150,000 each year.

Applications for the camps can be made locally through the secretary of the Elks lodge.

ARMENIAN DIPLOMAT HERE TO THANK AMERICA FOR AID

Gabriel Noradounghian, Vice-Secretary of the Armenian Mission to the United States, who recently arrived in New York from Europe. He is here to thank the American people through President Harding, for the aid given to his stricken country.

APRON SOCIAL A SUCCESS.

C. W. B. M. of Central Christian Church Makes \$18 For Foreign Missions Thursday Night.

The C. W. B. M. auxiliary of the Central Christian Church made \$18, which is more than enough to finish out their pledges to foreign missions, at the Apron Social which was held in the basement of the church Thursday night. An admission fee which equalled in pennies the number of inches a person measured around the waist was charged all those attending.

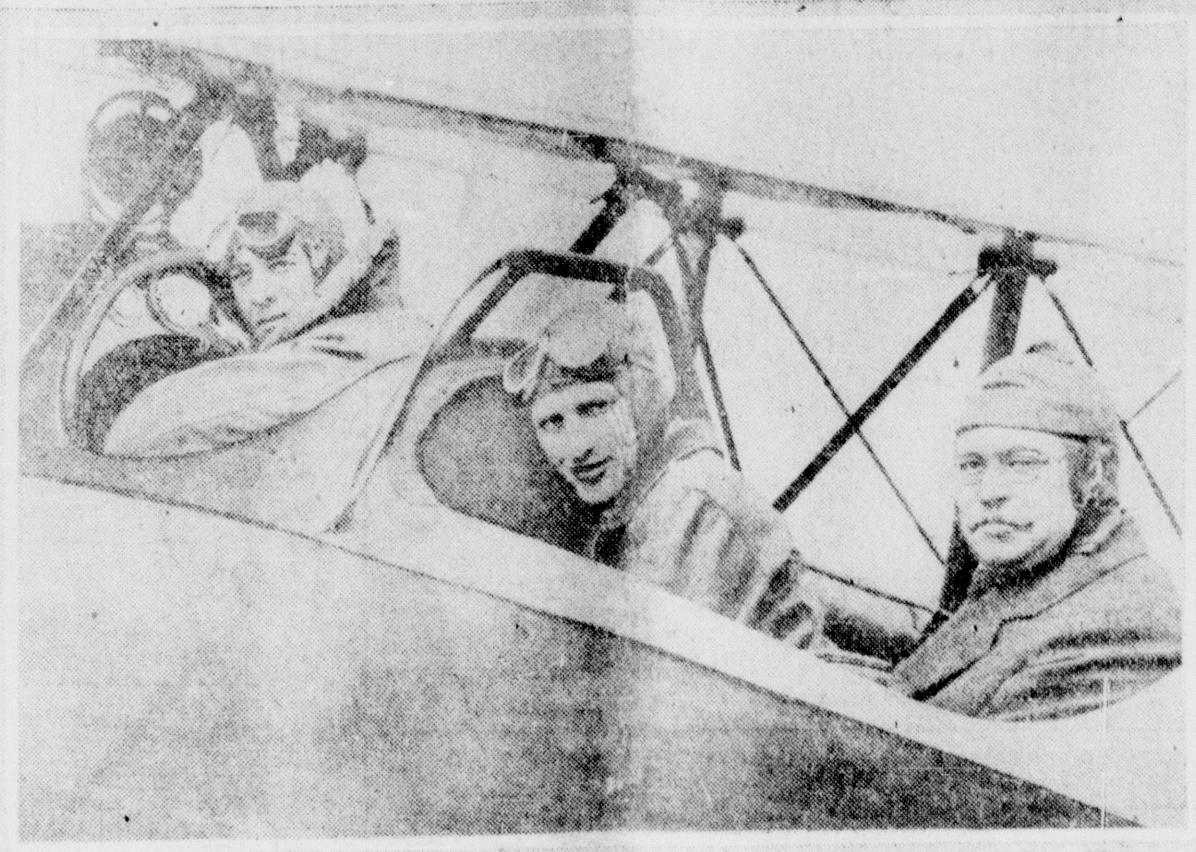

The following program was given: Reading, Bonnie Kressenberg; piano duet, Mattie Mae Steinro and Katherine Wheatley; reading, Charles Miller; violin solo, Miss Katherine Pieret; and talk, Gus Ramey.

Refreshments of lemonade and cookies were served.

Is Building Bungalows.

A five room bungalow is being built on the corner of Bowie and Wadsworth streets by F. R. Chivers.

OFF ON 5,000-MILE FLIGHT TO VENEZUELA.

From Continent to Continent by airplane on a business trip was the purpose with which James Ots, president of the San Francisco Aero Club, started recently, with Caracas, Venezuela, as his goal. Mr. Ots is accompanied by Pilot William Morris and Charles West, a mechanic. Five thousand miles lie between the intrepid pioneers and their destination. Mr. Ots, who owns a plantation at Ceraus, proposes to demonstrate by his business flight that aviation has reached the stage where it is practical for long journeys.

YOUNG GOTCH WILL MEET AL ACKERMAN

VERNON ATHLETIC CLUB COMPLETES PROGRAM FOR 4TH OF JULY.

Young Gotch of Los Angeles, Calif., has been selected to meet Al Ackerman, middleweight champion of Ohio, at the Fourth of July athletic carnival that will be staged by the Vernon Athletic Club at the fairgrounds. Both wrestlers have enviable records in the padded arena, as well as hosts of backers.

Gotch has wrestled much on the Pacific coast and his name was given by the Los Angeles Athletic Club. Ackerman has made a name for himself in the East. Each wrestler will receive thirty per cent of the gate receipts.

BOXERS WANTED TOO MUCH.

Original plans embraced bringing a pair of boxers here to furnish the main go on the nation's holiday, but the guarantees asked by theistic experts were out of all proportion to what could normally be looked for in receipts. A great many of the glove exponents were also matched for bouts on that day.

A ring will be built immediately in front of the grandstand at the fair grounds. A five piece orchestra will furnish music during the entertainment. Mr. Lisman is highly complimentary in his comment on Mr. Fraser and the organization with which he is appearing.

EX SOLDIERS WILL PLAY.

Some good preliminaries have been drawn up and will consist both of boxing and wrestling bouts. The first will be between J. H. Hill of Vernon, Calif., and D. Webb of this city, five rounds.

The second will be fought between Sam McLarty and Morgan Ramsey, both of Vernon. The third number will be a battle royal between negroes.

The second half of the preliminaries will consist of wrestling bouts. They will be between local club members.

The first is A. J. Schell, 140 pounds vs.

Curtis Hogen, 139 pounds, finish match; the second Robert Williams vs.

Ambers Robinson; and the third Fred Ragland vs. Tom Miller.

The local post of the American Legion is making efforts to bring a ball team here for a game on the Fourth of July. This will be staged in conjunction with the program offered by the athletic club. The opposing aggregation will in all likelihood be from Electra, Altus, Okla., or Crowell.

COUNTRY NEAR FORT WORTH EXTREMELY DRY.

F. A. N. O'Neal and H. S. Starr returned this morning from Fort Worth where they have been on a cattle buying and selling trip. Between Fort Worth and Decatur the country is extremely dry, according to Mr. O'Neal, and wheat and oats are quite spotty.

Farmers have progressed about as far as have Wilbarger county agriculturists in their harvesting work, and the travelers saw no threshing going on. Cotton in that locality is as

far advanced and corn does not look as promising as does the local product.

LISMAN RETURNS FROM CONCERT TOUR

LOCAL BARITONE WINS MUCH PRESTIGE PAST YEAR BY SINGING.

Edwin Lisman, son of Mr. and Mrs. T. P. Lisman, and who has won considerable prestige in the East during the past year by virtue of his excellent baritone voice, arrived home Wednesday from Chicago. Mr. Lisman has just finished a tour which he began in January with the Meister Singers' Quartet.

Starting last September and continuing until January the local singer traveled with the American Canadian Festival Quartet. Parts of Canada and the New England states were visited, and Mr. Lisman received much favorable comment on his voice. The Vernon baritone will return to Chicago in about a month where he will make plans for the opening of another concert tour.

COMPLIMENTS PERFORMER.

Floyd Fraser, trombone player with the Musical Grenadiers, an organization appearing here tomorrow with the chautauqua, was a traveling companion with Mr. Lisman during his tour with the American Canadian company. Mr. Fraser is a singer as well as an instrumentalist and is manager of the Grenadiers. Mr. Lisman is highly complimentary in his comment on Mr. Fraser and the organization with which he is appearing.

EX-SOLDIERS WILL PLAY.

Some good preliminaries have been drawn up and will consist both of boxing and wrestling bouts. The first will be between J. H. Hill of Vernon, Calif., and D. Webb of this city, five rounds.

The second will be fought between Sam McLarty and Morgan Ramsey, both of Vernon. The third number will be a battle royal between negroes.

The second half of the preliminaries will consist of wrestling bouts. They will be between local club members.

The first is A. J. Schell, 140 pounds vs.

Curtis Hogen, 139 pounds, finish match; the second Robert Williams vs.

Ambers Robinson; and the third Fred Ragland vs. Tom Miller.

The local post of the American Legion is making efforts to bring a ball team here for a game on the Fourth of July. This will be staged in conjunction with the program offered by the athletic club. The opposing aggregation will in all likelihood be from Electra, Altus, Okla., or Crowell.

DEHONEY HEADS COMMITTEE.

Local Superintendent Leads Those Who Will Make Arrangements For Tri-County Institute.

E. L. Dehoney, superintendent of Vernon schools, is chairman of a committee having charge plans for a Tri-County teachers' institute that will be held in Wichita Falls September 1 to 10. Wilbarger, Wichita, Clay and possibly Burton will be represented at the Institute.

Arrangements for the institute were made Saturday at a meeting of delegates at Wichita Falls. The institute plans to have educators of national and international prominence in attendance.

Those on the executive committee from this county are J. N. Fulcher, county superintendent; E. L. Dehoney, city superintendent; and R. S. Covey, superintendent at Harrold. It is probable that at least 100 teachers will attend the institute from Wilbarger. Superintendent Fulcher stated. The meeting will be held before any Wilbarger county schools commence their sessions.

CITY WORKMEN CLEAN MAIN STREET PARKINGS.

Parkings on Main St. south from the depot are being cleaned by city workmen and the weeds cut, also. Recent heavy rains have added greatly to the work of the city, and it has been necessary to drain several large mud holes.

Farmers have progressed about as

far as have Wilbarger county agriculturists in their harvesting work,

and the travelers saw no threshing going on. Cotton in that locality is as

far advanced and corn does not look as promising as does the local product.

EXPECT TO DEEPEN BURTON WELL SOON

OPERATORS INTEND TO BEGIN DRILLING OPERATIONS WITHIN TWO WEEKS.

W. G. Burton and W. E. Cabeen of Fort Worth, operators on the Burton lease south of town, are in Vernon in the interests of drilling further the hole on the lease and, according to a statement by Mr. Burton, it is hoped to commence work within two weeks. Both men are well known here, having maintained an office across the street from the city hall during the local boom.

SEES POSSIBILITIES HERE.

It had been expected to start work on the Burton well several weeks ago, but the requisite arrangements could not be made in time. Mr. Burton is decidedly optimistic concerning oil prospects in the local field, and believes there is still much opportunity for development.

WAITS FOR FINANCIAL RIFT.

"Money is so tight now that it is difficult to carry on drilling operations or finance a new well, and this is the principal barrier. However, it is assumed generally that this field has excellent prospects inasmuch as the Sigler number 1 has pumped steadily now for about a year and a half. A 100 barrel well in this field is considered

the equal of a 1,000 barrel field in many others both because of the structure here, and because of the steady production I mentioned before."

Operators interested in drilling in the Sigler field are trying to make deals with local owners and leaseholders, Mr. Burton said. More wells will probably result as quickly as these can be consummated.

WIN GAME IN NINTH.

Baptists Take Baseball Contest From Christians After Two Extra Innings Are Played.

Nine innings instead of the regularly scheduled seven inning game were necessary Tuesday to decide baseball honors between the Baptist Sunday school aggregation and that representing the two Christian churches of the city. The final count was 9 to 8 in favor of the Baptists.

Both teams fought desperately for the advantage, and the score see-sawed back and forth throughout the contest.

Johnson of the Christian team and Adderholt of the Baptists pitched good ball and kept hits well scattered.

The Baptists lined up as follows:

Adderholt, p; Gilliland, c; Ladd, 1b;

Carrington, 2b; F. Dehoney, ss; Foster, 3b; Bridges, lf; Small, cf; Veto, rf.

The Christian team lineup was:

Johnson, c; Curtis, c; Cabe, 1b; Shepard, 2b; Teal, ss; Larrimore, 3b; Parr, lf; Vaughn, cf; Mason, rf. Umpires were Rouse and Lisman.

OIL DEVELOPMENT STIMULATED IN WILBARGER FIELD

Operators Plan Several New Tests and Others Will Deepen Old Holes—Pyramid To Put Well Down Near Present Location—Work On Triangle Will Commence Monday.

There is a distinct possibility that Wilbarger county will witness more brisk development in the Sigler oil field in perhaps the near future if plans of operation materialize. Several new wells are under contemplation, and the deepening of other holes is an assured fact.

A new hole will be drilled by the Pyramid Royalty Co., according to advice from that office this morning. The exact location has not been determined, but in all probability it will be near the present test. The project is already financed.

SIGLER PLANS TESTS.

Further development embraces the plans of the Sigler Oil Co. to put down three new holes offsetting Number 1. Nothing definite has as yet been decided upon and officials are unwilling to discuss their project at length.

Lloyd Sigler, who returned to Vernon Wednesday, has the plans under advisement.

Triangle operators expect to start work at deepening their hole Monday.

Original plans were to commence operations this week-end, but delayed express shipments have prevented.

TRIANGLE TO START.

The largest part of the new Triangle stock has been subscribed, and there are sufficient funds on hand to go on with the work.

The test will be conducted as far as finances and tools will permit. Operators have lost none of their faith in the possibilities of the field, and express themselves as willing to stake their all on its yield.

The Texahoma, drilling on the E. P. Hicks farm east of Vernon, is down about 1,100 feet, and has encountered extremely hard going. The bit passed from one solid formation to another, and progress has necessarily been slow. There have been no shutdowns thus far.

CAMP ON GROESBECK.

Miss Rose Ellmann, county Red Cross nurse, and eight young ladies who have been of especial help to her in her work of examining school children, went to Gip Rock on Groesbeck, four miles north of Quanah, for a night's camp Wednesday. They left here at 3:30 o'clock in the afternoon and planned to return early the next morning but on account of the heavy rains near Quanah did not get back until 6 o'clock Thursday. Those in the party aside from Miss Ellmann were Misses Edith Lacy, Eula Goodfellow, Laura Randall, Lois Morrison, Helen Hatt, Charlie Mae Northcraft, Gladys Allison and Lizzie Reese.

CONFINING HEN IN COOP
REDUCES LOSS OF CHICKS

Chicks hatched during the winter should be brooded in a poultry house or shed while the outside weather conditions are unfavorable; after the weather becomes settled they should be reared in brood coops out of doors. It is best to make brood coops so that they can be closed at night, to keep out cats, rats, and other animals, and enough ventilation should be allowed so that the hen and chicks will have plenty of fresh air.

The hen should be confined in the coop until the chicks are weaned, while the chicks are allowed free range after they are a few days old. Where hens are allowed free range and have to forage for feed, for themselves and chicks, they often take the latter through wet grass, where they may become chilled and die. Most of the feed the chicks get by foraging goes to keep up the heat of the body, where as food eaten by those that are with the hen that is confined produces more rapid growth, as the chicks do not have so much exercise.

In most broods there are one or two chicks that are weaker than the others, and if the hen is allowed free range the weaker ones often get behind and out of hearing of the mother's chuck and call. In most cases this results in the loss and death of these

chicks, due to becoming chilled, if the hen is confined, the weaklings can always find shelter and heat under her, and after a few days may develop into strong, healthy chicks.

The loss in young chicks due to allowing the hen free range is undoubtedly large, say poultry specialists in the United States Department of Agriculture. Chicks frequently have to be caught and put into their coops during sudden storms, as they are apt to hide in some hole or corner where they get chilled or drowned. They must be kept growing constantly if the best results are to be obtained, as they never entirely recover from checks in their growth, even for a short period. Hens are usually left with their chicks as long as they will brood them, although some hens commence to lay before the chicks are weaned.

OPENS WRECKED CAR BUSINESS

George A. Long has opened a wrecked car business in the East Side Garage. Mr. Long buys wrecks and sells second hand cars of all kinds. In wrecking old cars Mr. Long expects to have in the future spare second hand parts for almost any make and model car. He has had 11 years experience in the automobile business and for the past several years has been engaged in his present occupation. Along with his other business Mr. Long

expresses his deepest sympathy

TOURNAMENT IS
WELL SUPPORTEDGOLF ENTHUSIASTS AT HILL
CREST HAVE REACHED SEC-
OND ROUND.

Enthusiastic participation on the part of club members has featured the golf tournament in progress at Hill Crest Country Club, and it is expected that most of the second round of play will be completed by today. The contestants are playing over two holes on account of the marshy condition of the remainder of the course.

There have been but few forfeits thus far, and even those who have played very little are attempting to test their abilities with driver and putter. The ground has been dragged and is in good condition since the recent rains.

Results Tuesday in the first round were as follows:

Birdsong defeated L. G. Terrell over six holes, 41 to 53; G. C. Morris won from A. B. Swartwood, 49 to 58; E. C. Christian defeated Luther Webb, 48 to 58; Frank Murchison won from L. E. Piner, 56 to 59.

Elimination Continues.

Wednesday the results were as follows: Jed Morrow won from Wallace Huggins 65 to 86; Emory Rhoads won from E. G. Schroeder 54 to 58; W. K. Long forfeited to R. B. Gibson, and R. D. L. Killough forfeited to Daniel Bond.

Thursday the scores were the following: R. H. Coffey won from Wylie Bennett 59 to 72; Jed Morrow won from H. Rogers 58 to 68; Hub Colley won from S. W. Hayne 61 to 62 and E. C. Christian defeated Frank Murchison 52 to 58.

Matches scheduled for today are: G. C. Morris vs. Homer Rogers; W. N. Stokes vs. J. A. Birdsong; Emory Rhoads vs. E. P. Hicks; R. B. Gibson vs. Daniel Bond.

TRY RICE-STUFFED STEAK:
THE FAMILY WILL LIKE IT

Stuffed steak is good eating, and possesses the additional advantage of extending a small amount of meat. The following recipe for this dish is recommended by food specialists in the United States Department of Agriculture:

1 pound round steak,
2 cups boiled rice,
Salt,
2 tablespoons chopped parsley,
1 teaspoon onion juice,
Paprika.

Blend the rice with the seasoning. Pound the steak until thin. Spread the steak with a layer of the rice stuffing about 3/4 inch thick. Roll and tie in shape or fasten with skewers. Put in a covered pan with enough water to keep from burning and cook in the oven for 30 minutes. Take off the cover and brown before removing from the oven. Thicken the stock left in the pan for gravy.

Or, if preferred, make individual servings. Cut a 2 1/2 inch square of steak, place a tablespoon of the dressing in the center, roll the steak around it, and fasten. Place it in a pan with a little water and cook as the roast was cooked. This steak is very good served with a tomato sauce.

THREE TRACTORS SOLD.

Fourteen tractors were sold the past week to W. M. Bowman, living eight miles southwest of town; H. M. Lacy, living six miles northwest of Vernon; and M. M. Parton, living also six miles northwest of town.

DEBTS OF VERNON AMOUNT TO 194,460

CITY SECRETARY PREPARES FINANCIAL STATEMENT FOR COMMISSIONERS.

Vernon's total bonded indebtedness is \$194,460, according to figures presented the city commission by S. H. Hall, secretary. Of this amount \$25,000 in bonds have been issued but not yet sold.

The amount of the money on hand for a sinking fund is \$44,010.29. Outstanding warrants against the city are \$15,351.06. Outstanding notes against the fire department are \$11,560.

Figures Were Erroneous.

Figures compiled by the Chamber of Commerce and printed in the last issue of The Record erroneously give the impression that the city tax rate is \$1.50 per \$100 valuation. More explicitly, the school rate is 50 cents, and the city rate one dollar, making a total of \$1.50.

City taxes collected were put at \$7,131.26 and should have been \$6,382.08. The total amount of city and school taxes collected is \$94,468.27. Delinquent taxes collected up to June 1 are \$2,088.75.

Gallons and Not Feet.

Concerning utilities, it should be stated that thirty-three and one-third cents are charged for the first thousand gallons of water and not cubic feet. The charge for electricity is fifteen cents a kilowatt for the first fifty kilowatts, and twelve and one-half cents a kilowatt for the second fifty. All electricity above that amount is charged at the rate of ten cents per kilowatt.

Ice delivered to the residence district is eighty cents per hundred pounds, to restaurants, groceries, and soda fountains it is seventy cents, and for meat markets sixty-five cents.

HAWAIIANS OPEN PROGRAM.

Islanders' Number Said To Be Well Above Average—Plattenburg To Seal This Evening.

Vierra's Hawaiians were on hand this morning in readiness to present the opening number of the chautauqua program which began at 2:45 this afternoon. This islander's production has been heralded as far above the average of such performances. They will also play this evening at the entertainment which commences at 7:45.

Charles H. Plattenburg will speak this evening on a subject vitally affecting the entire community. The lecturer's talk is said to be replete with spice and vigor and contains many common sense facts for the average citizen to ponder over.

Guarantors of the chautauqua have been making strenuous efforts to sell a sufficient number of season tickets to meet the funds posted. The proposition has been put up to the citizens as a public spirited enterprise.

Candle and Grade Eggs.

Farm women frequently have entire charge of the marketing of eggs, butter, and poultry. In some States they form what are called "egg circles" for marketing their eggs in large quantities. The eggs are collected regularly by one of the members or by some one hired by the circle. Efforts are being made by marketing agents of the United States Department of Agriculture to teach these farm women the value of properly candling and grading the eggs so that only the best are marketed.

COUNTY LOWERS TAX RATE TEN CENTS

REDUCTION IS MADE BECAUSE OF ECONOMIES IN ADMINISTRATION.

County tax payers will pay a rate ten cents lower than that formerly in effect through the action of the commissioners' court this week in lowering the scale from sixty-five cents on the \$100 valuation to fifty-five cents. Valuations will remain the same.

The reduction was made possible by several economies effected by the county officials. Payment of the new jail bonds has left one and one-half cents extra, there is considerable money in the jury fund, and it was found that sixteen and one-half cents instead of twenty-four and one-half cents would be a sufficient for the general fund. Valuations Not Changed.

Valuations were not changed, according to the county judge, due to the fact that they were never raised during the oil boom, as is the opinion of many. Assessments were made the January before excitement occurred.

If conditions remain the same, said Judge McHugh this morning, the com-

missioners will be free from indebtedness in ten years.

Mrs. W. R. Hinckley of Fort Worth who has been visiting her sister, Mrs. E. C. Christian, since last Friday, will return home tomorrow.

Mrs. Annie Allen of Aubrey, left Wednesday afternoon for her home after spending a few days with her friend, Mrs. Fred Newth.

THE AMERICAN PRESS ASSOCIATION

Vernon, Texas, Friday, June 17, 1921.

WHY HE IS OPTIMISTIC.

L. K. Johnson is an optimist. He is optimistic over the situation Wilbarger county faces at this time, and when you listen to his reasons, it is hard to keep the corners of your mouth from lifting in such a way that you just smile whether or no.

Mr. Johnson explains it like this: The people are working. In a large measure, the foolish spending of money has been cut out. Earners are either saving their funds or using them to pay debts, in either case providing the funds necessary for "good times." Let it be understood that times are not nearly so "bad" as they might be now.

The volume of business being transacted with Vernon merchants is gratifying, and compares favorably with any other year than 1920.

Furthermore, Mr. Johnson points out that Wilbarger county will harvest a larger wheat crop than many have believed, the farmers receiving therefor a price well above what had been anticipated. He points out that our barns are full of feed, and that another feed crop is practically assured.

Take the case of cotton—exports are increasing, not any feverish increase, it is true, but an appreciable increase. Counties in Central and South Texas report ravages of the boll weevil, and reports from the Old South indicate that very little fertilizer has been used. Add all of this to an acreage reduction of 30 per cent, and it begins to look like at least a fair price for our cotton.

There is a lot of hard work ahead. You have to pull up, grade, and that is the way we are going. But we reached the bottom some time ago, Mr. Johnson thinks, and are now going up grade again, with practically everybody pulling, even though a few are not smiling.

USE YOUR COUNTY AGENT.

Farm and Ranch is authority for the statement that the average county agent is the most useful man in the county, or would be if given the opportunity. While he seldom "knows it all," he is in position to get any farmer desired information from a reliable source in the quickest time possible. He is ready to serve anywhere at any time.

Continuing, Farm and Ranch says:

The county agent receives his compensation from the Government. The Federal and State Governments contribute and every property owner pays his part. Therefore he is public servant, but unlike many who draw their pay from the public treasury, he is always willing to earn what he gets and a great deal more. Being a public servant, there is no reason why he should not be of service to every farmer in his jurisdiction, and if he is not, more than likely it is the farmer's fault and not the agent's.

The word of the county agent in the Northwest has testified his hire. Not only has he improved much valuable information and instruction to better farming methods, but he has been about cooperation among producers in the marketing of their products, and developed community interests, the value of which is beyond estimation.

The farm agent may not always be right, but the average man in the field is sincere and also competent. His efforts should receive a greater tribute of appreciation from those whom he stands ready to help and a greater reward from the paymaster.

ONE LESSON OF THE FLOOD.

While the loss of life in the disaster that overtook Pueblo is not so appalling as at first indicated, the property loss total grows. The number of destitute and suffering reaches a total of thousands.

Governor Shoup of Colorado, in a statement to the National Government, urges an emergency appropriation of \$20,000,000 to reconstruct twenty-five large steel and concrete bridges in the valley of the Arkansas and its tributaries. The loss and suffering were by no means confined to Pueblo.

As has been the case in every disaster during more than a decade, the Red Cross was first on the scene to give aid and comfort. This will bring home to the American people the unquestioned necessity for maintenance of the Red Cross as an unfailing resource in the time of calamity.

THE FREE PUBLICITY GRAFT.

Likely the resolution adopted by the State Press Association against the publication of free matter furnished by political organizations, the various drive and relief committees, fairs, and educational institutions was not so much that the matter is free, as that it is, for the most part, unsuited for publication.

The Record has received bundles of free publicity "released for publication" at a date so that the daily newspapers print it from two to three days earlier than can The Record. Again, what is suitable for a metropolitan daily is not such as a country weekly or semi-weekly desires to print.

Some of the matter sent out from fairs, and much of that from our educational institutions would be acceptable if it were written from the standpoint of the progressive country newspaper. Unfortunately, the publicity handlers of these institutions assume, for the most part, that they are doing the paper a genuine service by furnishing this material in any form—writing it for their own satisfaction rather than from the newspaper's stand.

The province of a country newspaper is to print, first of all, the news of the home town and the county. This is something no other newspaper can paper can print. Accepting free publicity is an easy way to edit a paper. It is also a guarantee that such paper will sooner or later fill a small place in its community.

FARMERS START THRESHING.

Wheat Growers Of Section Are Taking No Chances Of Losing Any Of Crop By Waiting.

Threshing is now under way in Wilbarger county and farmers in the eastern section, especially, are busy along this line. Wet weather has served to hinder work more in the west and northern parts of the county, and agriculturists there are a few days behind as a result.

Farmers are extremely busy and are endeavoring their utmost to take all possible means of safeguarding their crop. Some are threshing before harvest is completed.

Since the advent of more fair weather it has been found that wheat was not damaged as badly as had at first been feared. Only a negligible portion of the grain has sprouted.

Reports from the northwestern part of the county indicate that half fell there Wednesday night at the time a shower was experienced in Vernon. The stones were small but the dead ripe condition of the grain made it especially easy prey for the precipitation. The damage, however, was much smaller than that occasioned by hail last week.

Dance At Hill Crest.
Members of the country club enjoyed an informal dance last evening in their new clubhouse. Music was furnished by a local orchestra. Added pleasure was given to the affair by several vocal solos by Edwin Lisman who returned Wednesday from singing engagements in the East.

ASKS REASON FOR U. S.

RAILROAD LABOR BOARD

A communication requesting an explanation concerning the reason for the establishment of a United States Railroad Labor Board has been forwarded Lucian W. Parrish, representative in Congress, by the local Chamber of Commerce. The letter brings out the point that the fundamental principle upon which the labor board is founded is one broad enough to found a telegraph labor board, a telephone labor board, a carpenter, newspaper, farm, janitor, and hotel labor board.

Fear lest socialistic tendencies govern the activities of the government is also expressed in the communication. Business management for the affairs of the public is strongly urged.

NEGRO WINS SUIT

AGAINST WHITE MAN

What is considered by the justice of the peace to be the first jury trial of a case preferred against a white man by a negro in this county, was won Saturday at the court house when Henry Fennell recovered judgment against Mance Phillips of Fargo. The case arose out of cotton picking work Fennell performed for Phillips last fall, and over wages claimed to be still due the plaintiff.

Fennell sued for \$26.32 and was awarded \$20. Costs in the trial were paid by the defendant.

See the Truthful Tire at Luiz & Schmoker's, corner Texas and Franklin streets.

WORLD'S RICHEST HEIRESS TO WED.

SUPREME COURT DENIES RE-HEARING IN SWIM-BELL SUIT

A motion for a rehearing in the Swim-Bell case which has been fought in the courts of the State for eight years was recently overruled by the Texas Supreme Court. H. A. Bell, defendant in the case, pays S. E. Swim, the plaintiff, over \$4,000 in judgment.

Suit was originally entered for \$1,500 but the interest and costs have made the amount much greater. Both principals are Wilbarger county residents.

Never trouble, trouble trouble troubles you. Then go to Luiz & Schmoker's and get a set of Trubleproof tires for your car, then your tire troubles will be over.

**THERE'S MUSIC
'EVERYTHING FOR
YOU TO SKATE BY**

Spread the eagle, Dutch roll, make a figure eight,—can you do them all? Can you skate partners, backwards, or whirl around like the proverbial dervish? If you can, then come along and demonstrate on Vernon's new roller rink. Show the crowd how good you really are, how actively you can round the corners, and perhaps perform a gyration foreign to the average roller skate exponent.

Skimay, Buck, and Bill—they're all over there and waiting to be shown. Buck tore out the seat of his new breeches yesterday during an over zealous attempt to concoct a new figure, and Bill skinned the very Dickens out of his knee, but both will be on hand today to do it all over again.

And wait until you hear the music! One could let his feet glide along forever to such stratus. Stroke, stroke,—why, it is just as natural as walking down the street. You haven't skated for a long time? Well, neither has anyone else but that's all in the game. If you ease yourself down into a chair for the next few days, or walk about town with a decided limp it will simply be telling the world that you—well, that you have been obeying that impulse.

**SCISSORS IN THE KITCHEN
USEFUL FOR MANY THINGS**

Medium-sized scissors hanging in a convenient place in the kitchen are a valuable help. Here are some of the purposes for which they will be found useful, according to workers in the Experimental Kitchen in the United States Department of Agriculture:

For cutting cold meat into cubes. For cutting celery or green peppers into small pieces for pickles or salads. For shredding cabbage or lettuce.

For cutting up raisins or dates. For cutting out the center membrane of a grapefruit in preparing it for the table.

For cutting out the woody core and eyes of fresh pineapple.

For trimming the rinds from breakfast bacon.

After the scissors are used each time they should be carefully washed and dried.

Mrs. J. T. Williams is in Wichita Falls, where she will visit her daughter, Mrs. Clois L. Greene.

**CONSUL-GENERAL SKINNER
MAY BECOME AMBASSADOR**

Robert F.
Skinner
Jr.

Consul-General Robert Skinner, of London, is being given serious consideration by the President for appointment as Ambassador to Brussels or Constantinople, according to reports in diplomatic circles. Mr. Skinner recently conferred at length with the President at the White House. After the conference Mr. Skinner declined to say whether his appointment as an Ambassador had been discussed.

**KEEP TWO HENS FOR EACH
MEMBER OF THE FAMILY**

The average novice can reasonably expect to get an average of at least 10 dozen eggs per hen per year from his small flock in the back yard. On the basis of two hens to each member of the family this will give 20 dozen eggs a year to each person, which amount is about halfway between the average of farm and city consumption. No back yard poultry keeper should be satisfied with less than this, say specialists of the United States Department of Agriculture. Every back-yard poultry keeper should try to get as much more as possible. To provide an egg a day for each person, two hens would have to lay 183 eggs each a year.

Frank Murchison went to Wichita Falls today.

IN SOCIETY

**MRS. MORE ENTERTAINS
THURSDAY BRIDGE CLUB**

Mrs. R. L. More was hostess to the Thursday Bridge Club yesterday afternoon and at the same time entertained a number of friends outside the club. She was assisted by Mrs. Katherine Waggoner, who served punch to the guests as they arrived, and by Mrs. J. E. Dodson, Jr., Mrs. T. P. Lisman, Jr., Mrs. Emory Rhoads and Mrs. S. W. Bailey. A dainty plate luncheon was served at the close of the games; and pieces of silk lingerie were given as high score favors.

The club members present were Mesdames Dan Bond, T. P. Lisman, Jr., Hubbard Colley, Bob Farrell, Delia Housells, W. K. Long, Myrtle Napier, L. E. Piper, Emory Rhoads, A. B. Swartwood, J. V. Townsend, Luther Webb, Katherine Waggoner, J. E. Dodson, Jr., and Miss Esther Swartwood. Others invited were Mesdames Harry Mason, F. L. Massie, C. S. McColloch, L. K. Johnson, Joe Napier, Shirley Cook, S. W. Battey, J. L. Swartwood, E. P. Hicks, A. C. Boger, A. N. Vernon, Herbert Farrell, L. E. Fisher, F. M. Kemp, Dan Bonner, Frank Murchison and Bess Osborn, and Misses Lillian Murchison, Bernice Mae Works, Adelle Sumner, and J. L. Murray.

Has Birthday Party.

Claud Oliver, Jr., celebrated his eleventh birthday with a party for about twenty of his friends Wednesday afternoon. Mrs. Oliver chaperoned the children to Allington Park where they enjoyed playing games. They were served with ice cream cones.

**MRS. HOWARD REGER
ENTERTAINS TWICE**

Mrs. Howard Reger entertained the Wednesday "42" Club Wednesday afternoon and on the following day had a "42" party for others of her friends. The hostess used sweet peas and nasturtiums together with ferns, in decorating for the two occasions and her guests were served with ice cream and cake. Those present Wednesday afternoon were Mesdames A. C. Boger, Mart Boger, Dan Bond, J. S. Cook, C. J. Farrell, H. B. Farrell, S. W. Bailey, G. W. Backus, E. P. Hicks, N. R. Heath, T. P. Lisman, T. P. Lisman, Jr., Emory Rhoads, Cy Long, F. L. Massie, Harry Mason, A. H. Murchison, W. N. Stokes, J. L. Swartwood, J. D.

Summerour, C. T. Sullivan, L. G. Hawkins, W. A. Ish, J. V. Townsend, R. L. More, B. J. Parker, W. O. Anderson, J. W. Wheatley, T. J. Youngblood, J. A. Robinson, T. H. McMahon, Della Housells, Harry Colley, Hubbard Colley, T. M. Ferguson, M. K. Byrd, R. E. Townsend, J. E. Lutz, E. L. Kelz, L. K. Johnson, W. M. Schindler, R. H. Coffey, R. L. Coffee, H. H. Rhoads, R. E. Sherrill, J. R. Stinson, Miss J. L. Murray, Miss Esther Swartwood and Miss Harriett Thomas.

The guests Thursday afternoon were: Mesdames W. W. Bennett, E. M. Haney, E. C. Christian, W. R. Hinckley, J. A. Dixon, F. B. Elliott, Izora Johnson, A. B. Garland, B. D. Flanniken, Elta Long, John Reuse, E. A. McGaw, Dee Norwoot, Joe Parker, E. L. Pendleton, Roy Russell, J. B. Ross, George Hardin, Alva Robinson, M. R. Sewell, Dale Shive, Solon Sewell, Emmett Piper, J. G. Sherman, August Tennyson, H. L. Terhune, Linton Sullivan, Tom Summerour, J. H. Pettit, A. R. Taylor, Willie B. Waller, A. M. Hiatt, D. H. Henry, R. H. Nichols, J. W. Adderholt, Y. H. Babasin, W. A. Wilhelm, H. B. Wilhelm, H. A. Conner; Misses Harriett Thomas, Veneta Denny, Erma Rhoads, Susie Scott and Inez Robinson.

Celebrates Seventh Birthday. Little Miss Maxine Crow celebrated

her seventh birthday with a party for a number of her friends Thursday afternoon at the home of her grandparents, Mr. and Mrs. R. S. Crow, on Olive Street. Those present were Frances Rutledge, Leta May Perkins, Blanche Rutherford, Cleo Smith, Little McConaie, Margaret Stinson, Olga May Wright, Josephine Flanniken, Mary Jeanette Bennett, Wiley Bennett, Jr., Annette Samuels and J. C. Armstrong.

**GENERAL AGENT COMPLIMENTS
LOCAL REPRESENTATIVES**

E. D. Bennett of Fort Worth, general agent for the Pacific Mutual Life Insurance Company, spent Thursday in Vernon with Dewey Wilson, district agent and Homer E. Wilson, special agent, for the company. While here Mr. Bennett said that Mr. Wilson is leading his agency in personal production for the year, as he did at this time last year, and has already written more than enough to qualify for the 1922 convention trip. Homer E. Wilson has a good volume of business to his credit and expects to qualify for the 1922 convention in time.

Both the Messrs. Wilson will leave about the last of this month for the agents annual convention which will be held this year at the home office in Los Angeles, California.

125 Pairs Women's Pumps to Be Sold at 5c a Pair

Tuesday Morning, 9 to 11 o'clock, June 21

We have in stock 250 pairs of women's pumps carried over from last season, and in order to sell them all in two hours, we have adopted the following plan: These shoes sold last year from \$7.50 to \$15 and we have assorted them into two lots at **\$2.95 and \$4.95**. On next Tuesday morning at 9 o'clock, every woman who buys a pair, will be sold a second pair for **5c**. For instance, you buy a pair from the \$2.95 counter for \$2.95, then take your choice of any other pair on the \$2.95 counter for 5c, making the two pairs cost you \$3. Or you buy a pair from the \$4.95 counter for \$4.95 and take your choice of any other pair on the \$4.95 counter for **5c**, making the two pairs cost you \$5. Sizes are 3 to 8, widths AA to D.

No telephone or mail orders filled, no approvals, no exchanges, no charges.

See the Pumps in our window Saturday, Sunday and Monday.

Every pair will walk out of our store Tuesday morning at 9 o'clock.

ARRANGE SCHEDULE FOR STATE EXAMS.

TEACHERS CAN TAKE TESTS EVERY MONTH FOR REMAINDER OF YEAR.

A complete schedule for the remainder of the year in reference to examinations for State teachers' certificates has been received by County Superintendent J. N. Fulcher. These tests are conducted every month and those who successfully pass are entitled to a certificate permitting them to teach all grades.

The first examination will be July 1 and 2. Thereafter they will be August 19 and 20, September 2 and 3, October 7 and 8, November 4 and 5, and December 2 and 3. The examinations will be held in Vernon at a place to be designated by Mr. Fulcher. Those who intend taking them are asked to make application to him.

Following is schedule:

Following is the schedule that will be observed in the examinations, all of which, with the exception of those in August, will be conducted on Friday and Saturday.

Friday forenoon—Arithmetic, physiology, music, elementary composition, higher English composition, physics, geography, botany, English literature, solid geometry, methods of teaching applied to elementary branches, and geology.

Friday afternoon—Texas history, elementary grammar, descriptive geography, plane geometry, American literature, bookkeeping, English history, biology, advanced grammar, child's study.

Saturday forenoon—Spelling, writing, methods and management, reading, civics, modern history, psychology, chemistry, history of education, zoology.

Saturday afternoon—United States history, agriculture, drawing, American history, algebra, physics, plane trigonometry, school administration, and economics.

CONSERVATION OF MANURE INCREASES CROP YIELDS

Farmers in some parts of Eastern Pennsylvania, notably in Chester County, have been saving barnyard manure in walled enclosures adjacent to the stables, often paved with flagstones, for more than a century. The value of this efficiency has been shown in an investigation embracing the standards of management on 10 farms selected by specialists of the United States Department of Agriculture in the region mentioned, and the results are embodied in Farmers' Bulletin 978, which may be had free upon application to the Division of Publications.

The bulletin shows that the average yield of corn for the State is 22.50 bushels per acre, while on the 10 selected farms it is 55.50 bushels; the average wheat yield for the State is 18 bushels and for the 10 farms 29.75; hay average for the State is 1.43 tons an acre and for the 10 farms 2.65 tons; while the three farms that grew oats produced an average of 45 bushels an acre as compared with the State average of 33.10 bushels.

A survey of 378 farms in Chester County on which exceptionally high standards of management are maintained, including close attention to handling of barnyard manure, showed an average corn yield of 65.3 bushels; wheat 24.8, and oats 41.6. The comparatively high yields in Chester County, the specialists say, can not be credited entirely to the way in which manure is handled, because the soil in that county is much better than the State's average soil, but special attention to manure and its conservation has been an outstanding feature of that county's farming.

ARSENATE OF LEAD SPRAY WILL KILL GRAPE PESTS

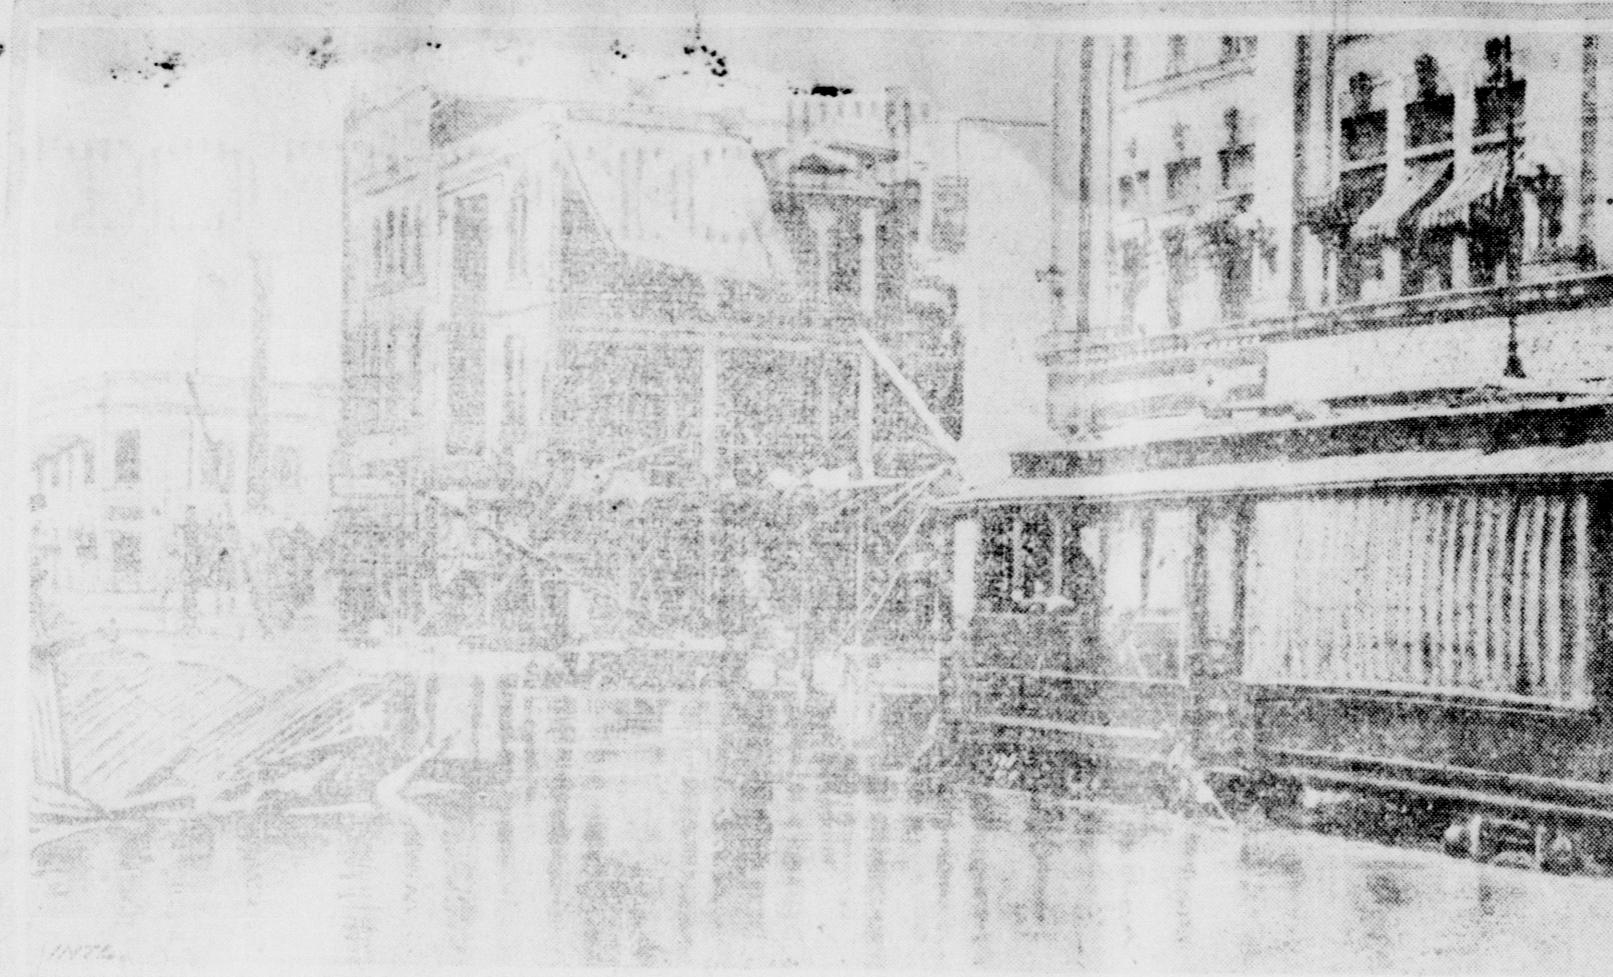

To destroy the grape rootworm, cultivate the vineyard during early June, the United States Department of Agriculture advises. Spray the vines as soon as adult beetles appear with arsenate of lead, 1 1/2 pounds powder or 3 pounds paste to 50 gallons of water or 50 gallons of Bordeaux mixture if fungous diseases are present.

To destroy the grape leafhopper, spray in late June or early July, when the nymphs of young insects are most abundant. Use 40 per cent nicotine sulphate, one fourth pint to 50 gallons soapy water (2 pounds soap), or with 50 gallons Bordeaux mixture to control fungous diseases. Hit the lower sides of the leaves forcibly.

Haney To National Convention.
Everett Haney is in Dallas where he is attending the second annual national convention of the Junior Chamber of Commerce. Mr. Haney represents the local junior director.

Mc. and Mrs. H. H. Blair left Wednesday for Fort Worth where Mr. Blair is attending the State tax collector's convention. Their three children are visiting in Medicine Bow.

PUEBLO FLOOD ONE OF WORLD'S GREAT DISASTERS.

This one of the best photographs of the disastrous flood in Pueblo, Colorado, shows a view of Main and Fourth streets, after the flood. One of the walls of the building in the rear collapsed. Note the stranded automobile which water up to its hub. The loss of life, it is now said, will exceed three hundred, and the property damage is estimated as \$70,000,000. Water stood 17 feet deep in the D. & R. G. railroad station.

Notice.

The Ordinances of the City provide that the owners of dairy cows supplied this City with milk will keep their products, moreover, each and every animal so used carefully examined and tested for tuberculosis, and where the animal is found to be affected it is unlawful to sell milk from such animal.

In the protection of the health of the community it is the duty of the city officers to enforce these regulations, and a failure to comply therewith subjects the owner to prosecution.

Signed,

HARRY MASON,
Mayor,
J. SHIRLEY COOK,
City Attorney.

No. 381

An Ordinance Regulating the Parking of Tracks, Wagons, Floats, Drays and Other Vehicles Used in the Business of Hauling and Transporting Freight for the Public for Hire as Common Carriers and Providing for Punishments for the Violation Thereof.

Be it Enacted by the City (Commission) of Vernon, Texas:

Sec. 1. It shall be unlawful for any person driving, using, operating, any Truck, Wagon, Float, Dray or other vehicle within the City of Vernon engaged in the business of hauling or transporting freight for the public for hire to park same at any point on Main street between the 10th and 11th Street, Marshall street, or at any point on the South line of Main street or at any point on Wilbarger street between the East line of Fannin street and the West line of Cumberland street, or at any point on Fannin street between the East line of Fannin street and the West line of Cumberland street, or at any point on Texas street between the East line of Fannin street and the West line of Cumberland street; provided this ordinance shall not be construed so as to prevent any vehicle from being stopped or parked for a reasonable time while actually loading or unloading freight.

Sec. 2. Any person who shall violate any provision of the foregoing section shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not more than two hundred dollars.

Sec. 3. That this ordinance shall take effect from and after its approval and publication.

Witness my hand and seal of said City.

At the 15th day of June, A. D. 1921.

Attest: S. H. HALL, HARRY MASON,

45-219. City Secretary. Mayor

YOU READ the Other Fellow's Ad

You are reading this one. That should convince you that advertising in these columns is a profitable proposition; that it will bring business to your store. The fact that the other fellow advertises is probably the reason he is getting more business than is falling to you. Would it not be well to give the other fellow a chance.

Fordson

TRADE MARK

\$625 f. o. b. Detroit

The merits of the Fordson Tractor can be best judged through the opinions of its daily users. We have asked a few of our customers for their frank comments concerning the operation of their Fordsons. Read what these owners have to say and then judge whether or not they are pleased with their purchases—or better still, ask them yourself.

W. W. LOVE—

I have run my Fordson three years. Last year I plowed 300 acres and cut 400 acres of wheat with it. I am running a 20 inch thresher with it this year. It saves time on the farm.

T. E. BURCHFIELD—

I am well pleased with my Fordson. The Fordson will do almost any kind of work six mules can do. Any one can operate the tractor; it has plenty of power.

G. F. EMRICK—

I have used a Fordson three years for plowing, discing, drilling and cutting wheat. It will do more work than 6 horses and at less expense. I could not get along without my Fordson.

A. P. HAWLEY—

I have run my Fordson one year and have not spent a cent for repairs or parts. It runs on kerosene which is cheap. The flies do not bother it and costs nothing for feed when not plowing.

AUTHORIZED FORD SALES AND SERVICE.

The Laws of Economy

An apple bounced off Newton's head and inspired him to evolve the law of Gravity. The advertisements can give you—no less forcefully—the inside workings of the Laws of Economy.

As sure as the apple hit Newton, the advertisements have a personal message of economy for you.

Merchants tell you of their bargains through advertisements.

Almost every new opportunity is offered through an advertisement.

Practically every unusual buy is advertised.

You save time and trouble by choosing what you want and where to get it from the advertisements instead of hunting all over town.

You save money by keeping up with every opportunity to get full value in buying.

ORGANIZE SUNDAY SCHOOL LEAGUE

PLAYERS DRAW UP SET OF RULES AND ARRANGE SCHEDULE OF WORK.

A complete set of rules governing the Vernon Sunday school league has been drawn up and the schedule for the remainder of the season completed. There are no offices in the organization.

It is first stipulated that any member of any of the classes in the league, in order to play baseball on any of the dates set in the schedule, must have attended Sunday School on the Sunday previous. Sickness or death in the family will be accepted as excuses.

Must Obey Umpire.

It is further agreed that all teams will abide by the decision of the umpire and that it be imperative that the umpire bench any player who does not willingly consent to his decision, or who uses foul language. T. L. Rouse and T. P. Lismann will be asked to serve as umpires.

It is stipulated also that all games shall be played on the dates of the schedule as outlined and it is understood that the admission shall be ten cents. The proceeds will be divided in half.

Arrange Schedule.

The remainder of the schedule that will be observed in the Sunday School league is as follows:

June 20, Methodist vs. Christians; June 23, Methodists vs. Baptists; June 27, Baptists vs. Christians; June 30, Methodists vs. Christians; July 4, Methodists vs. Baptists; July 7, Baptists vs. Christians; July 11, Methodists vs. Christians; July 14, Methodists vs. Baptists; July 18, Baptists vs. Christians; July 21, Methodists vs. Christians; July 25, Methodists vs. Baptists; July 28, Baptists vs. Christians; August 1, Methodists vs. Christians; August 4, Methodists vs. Baptists; August 8, Baptists vs. Christians; August 11, Methodists vs. Christians; August 15, Methodists vs. Baptists; August 18, Baptists vs. Christians; August 22, Methodists vs. Christians; August 25, Methodists vs. Baptists; August 29, Baptists vs. Christians; September 1, Methodists vs. Christians.

Take It In Time.

Just as Scores of Vernon People Have Waiting doesn't pay.

If you neglect kidney backache, Urinary troubles often follow.

Doan's Kidney Pills are for kidney backache, and for other kidney ills. Ask your neighbor?

Vernon citizens endorse them.

Mrs. E. L. Ballew, 215 S. Violet St., Vernon, says: "I am always glad to recommend Doan's Kidney Pills. This medicine has been used in my family for some time. Just a short time ago my kidneys were causing me much trouble. They were weak and irregular in action. My back also ached. I began the use of Doan's Kidney Pills and before long they had cured me of the trouble. Another of my family has also received wonderful results from this medicine."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ballew had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv. It

A. P. Peck to Pete Baker the east half of 10, T. T. S. addition for \$400.

Many Towns Getting Camp Sites.

Reports from Northwest Texas indicate that many towns are getting community camp sites in the National forest reserve of New Mexico. Recently a party of Plainview men, representing the board of city development, went to the reserve and picked out a camp site where any citizen of Plainview may go and build his cottage. Snow-capped mountains are close by, and the place is said to be one of wonderful beauty. Amarillo is planning the selection of a camp site now. It has been suggested that Vernon might well do likewise.

Graduates From State University.
Bryan Buckus is at home from the University of Texas, where he received the degree of Bachelor of Arts. About 450 degrees were conferred at the University in all departments.

Second hand fruit jars at 75 cents per dozen as long as they last at The Everything Store. 11c

Dr. A. P. Howard drove a group of chautauqua workers to the Lockett community Tuesday.

With the formal opening at Belfast, indicated by an arrow on the map, of the Parliament whose members were elected last month under the Home Rule act, the six northeast counties of Ulster become selfgoverning. This map shows the position of Ulster with relation to the rest of Ireland. Can Ulster demonstrate that home rule is more than a political catchword and swing the rest of Ireland into line?

Joyful Family Reunion.

Two of my brothers, a sister, as well as myself have been chronic sufferers from gas in stomach, indigestion, pain in right side near appendix and liver trouble for many years. My sister tried Mayr's Wonderful Remedy with such good results that we all took a course of it and it helped in each case. Last Sunday we had a family reunion in celebration of our recovery and what we all did eat. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Old Reliable PETER SCHUTTLER Wagon

has stood the test of time. For 70 years it has been the "One Best" wagon.

Wagon troubles and wagon expenses are over when you purchase the "Peter Schuttler." The purchase price is the only price. Although the price may be a little more than you would have to pay for some other makes, the additional cost is an investment—not an expense.

Clubs That Makes Homes More Livable

Men have changed their ideas about women's clubs—they've discovered that they really make home more livable.

They teach the modern housewife so much more of the finer art of living—so much that is of value to the home—so many ways of being more helpful to the kiddies, in school and out.

And they're teaching too, as men have long contended, that much of the drudgery women once thought essential to thrifty home management isn't necessary at all.

There's the family washing, for instance. The efficient home maker has learned the true

economy of having it done the modern, scientific way.

Instead of fussing with it at home, she sends it to our big, sunlight laundry to be washed and ironed by specialists who make a study of fabrics and their treatment.

And in return she has more time to design prettier dresses, to plan finer meals, to make a cosier home, and her allowance goes farther.

Yes, you too, will find it decidedly the better way. Telephone our driver today, and right on the dot, we'll return your clothes, all sweetly clean, beautifully ironed, ready to fold.

MORE COTTON USED IN MAY

Report From Washington Indicates Consumption Almost Twice That of Last Year.

Cotton consumed during May totaled 939,889 bales as compared with 541,377 bales during May last year, the census bureau announced today, according to announcement from Washington.

Of this 268,131 bales were consumed in cotton growing states compared with 110,516 bales during May last year.

Other comparative figures for this May and last were:
